

Dorothy Wylie Health Leaders Institute - Project Database

Welcome to the Dorothy Wylie Health Leaders Project Database! This database contains a listing of **all** of the projects that DMW-NLI and HLI participants have undertaken as part of their institute programs.

ORGANIZATION OF THE DATABASE: The database is organized into four main sections: Care Delivery, Healthy Workplace, Business of Healthcare, and Personal/Professional/Team Development.

Each section contains clusters of projects grouped under sub-headings for convenience of reference.

SEARCHING THE DATABASE: In Adobe Reader click 'View' / 'Zoom' to zoom in or out on the database. Use Control F or 'Edit' / 'Advanced Search' to search by keyword(s) for an area of interest to you. For example, if you were interested in improving patient flow in the Emergency Department, you might search under "Emergency" and "Patient Flow". Or, if you were interested in improving morale and strengthening teamwork in your work unit, you could search using 'morale', 'satisfaction' and 'team'.

When you identify a project of interest to you, you can contact the "Project Owners" through the organization phone number likely listed on the organization's website. A word of caution: some of the individuals may no longer be working on the unit or for the organization listed; but hopefully you will locate someone who remembers the project, and can provide you some information.

CARE DELIVERY - includes Models of Care, Care Pathways/Best Practices, Client/Patient-Centred Care, Introducing or Changing Clinical Program/Practice, Patient Flow, Community Development/Population Health.

	Title	Description	Organization	Project Owners	Institute
Care Delivery Models					
Care Delivery Models	Care Delivery Model, Methods & Mix	Create a customized core delivery model for each patient care unit that is centred on patient needs & nursing capability	William Osler Health Centre	Nancy Purdy	DMW-2001
Care Delivery Models	Medical Services: Patient Focused Care Delivery Models	Service delivery model for nursing that will help us to address dwindling staff resources and job/patient satisfaction	North York General Hospital	Christine Copplestone & Debbie Hansen	DMW-2001
Care Delivery Models	Creating a Collaborative Interdisciplinary Team Approach to EBDM	Review current care delivery models for patient care to assess current staffing issues, quality of worklife, patient satisfaction, quality of care & culture change. Develop infrastructure to support autonomous evidence-based decision making.	Guelph General Hospital	Lynne Julius & Irene Pasel	DMW-2001
Care Delivery Models	Forging the Way to Practice Change – the Introduction of Primary Nursing	Introduction of primary care nursing to a 40-bed unit currently operating in a “team” approach.	Centre for Addiction and Mental Health	Gabriella Golea, Judy-Lynn McGrath	DMW-2002
Care Delivery Models	Partnerships-Nurses & Patients in Hemodialysis	Moving toward a model of primary nursing care.	St. Michael's Hospital	Beatrice Mudge, Jill Campbell	DMW-2002
Care Delivery Models	Biting the Elephant	Working in concert with the APN to bring forward primary nursing as a model of care delivery for Addiction & Mental Health.	CAMH - Schizophrenia & Continuing Care Unit	Karen Martin, Wendy Fenomeno	DMW-2002
Care Delivery Models	Re-model Delivery of Nursing Care on Med/Surg Unit	Develop a vision & culture shift on the medical/surgical unit, incorporating a change to team nursing	West Parry Sound Health Centre	Bev Hall, Lorraine Vankoughnett	DMW-2002
Care Delivery Models	Conceptual Framework for Maternal Child Health Program	In partnership with communities, create a conceptual framework for an interdisciplinary, culturally centred model for a maternal/child health program.	FNIHB – BC	Gail Peekeekoot, Priya Chetty	DMW-2003
Care Delivery Models	Patient-Centred Care – Optimizing Outcomes	Revise the care delivery model to ensure patient centred care that provides quality outcomes while maximizing limited resources.	St. Michael's Hospital	Tish Belza, Joyce Fenuta, Ella Ferris, Jana Jeffrey	DMW-2003
Care Delivery Models	Delivering a New Model of Care: Moving through Transition	Development & implementation of a cross-education plan to facilitate the transition from a traditional birthing model to a LBRP/SRMC model.	Windsor Regional Hospital	Lucia St. Aubin, Cathy Bennett	DMW-2003
Care Delivery Models	Developing a Paediatric Critical Care Delivery Model, Using Transformational Leadership		Hamilton Health Sciences Corp.		DMW-2003
Care Delivery Models	Development of a Conceptual Model of Advanced Practice Nursing		The Hospital for Sick Children	Pam Hubley, Karen Legrow	DMW-2004

Care Delivery Models	Medical Paediatric Alternative Care Module (Patient Focus Care)	Explore the feasibility of creating a medical alternate module by collecting data, identifying patients and reviewing actual process of care delivery.	McGill University Health Centre	Nadia Eldaoud, Josie Revuelta	DMW-2004
Care Delivery Models	Development & Implementation of a Nursing Practice Model		Weeneebayko General Hospital, Moose Factory	Susan McLeod, Christine Dobson	DMW-2004
Care Delivery Models	Implementation of a Collaborative Practice Model of Care in an Acute Care Surgical and Alternate Level of Care Units	Triad of RN, RPN and CCA working to full scope of practice to deliver care to ratio of patients.	Pictou County Health Authority, New Glasgow, Nova Scotia	Kim Chisholm, Debra Sinnis	DMW-2004
Care Delivery Models	Flexible total care delivery model - A component of teamwork	New and experienced nurses working together sharing ideas and experience - moving from primary care model to total care	York Central Hospital	Ritchie Tika, Barb Gray	DMW-2005
Care Delivery Models	Framework/Model for Nursing Care in Ambulatory Care	Articulate and identify the unique contribution nurses have in ambulatory settings and clinics.	The Ottawa Hospital	Carolyn Sauve, Sheryl Izzi	DMW-2005
Care Delivery Models	New Model of Care Delivery for Nursing	Redesign of nursing cared delivery system by engagement of nurses.	Toronto Rehab Institute	Nancy Boaro, Lori Korkola	DMW-2005
Care Delivery Models	Crystallizing the shape of care delivery	Assessing & describing existing care delivery. Redefining care delivery model to fully meet the needs of the patient population.	Seven Oaks General Hospital	C. DeKeyster, C. Boudreau, C. Franceschetti, A. Bachynski	DMW-2006
Care Delivery Models	Preparing to implement a collaborative total patient care model across the surgical program	Expanding scope of practice for practical nurses to enable implementation of a total patient care model	Niagara Health System	Patty Welychka & Kim McNaughton	DMW-2006
Care Delivery Models	Implementation of new nursing care delivery model at the Montfort Hospital	Plan, implement and evaluate the implementation of a new nursing delivery model	Montfort Hospital, Ottawa	J. Boileau, D. Roy, M.J. Trepanier, D. Versailles, M. Castonguay, L. Lagroix, J. Messier, V. Sauve	DMW-2007
Care Delivery Models	Implementation of non-regulated service providers into the Emergency Services team	Develop a collaborative practice model of care in the Emergency Department, based on the data from the staff worklife mapping exercise	Quinte Health Care	Wendy Parker & Pat Tressiera	DMW-2008
Care Delivery Models	Implementation of a Verbal Communication Tool	Optimizing communication of healthcare providers for consistent information exchange.	Cambridge Memorial Hospital	Heather Forbes & Lorna Zubrikas	DMW-2008
Care Delivery Models	Evaluating the Nursing Care Delivery Model at MSK Toronto Rehab	Evaluate care delivery model in musculoskeletal program	Toronto Rehab Institute	Thomas John & Carol Mc Anuff	DMW-2008
Care Delivery Models	Measuring for Success: How will we know when we are there?	To plan the evaluation of a newly implemented nursing care delivery model.	Toronto Rehab Institute	Wanda Kiernowski & Dora Asare-Ababio	DMW-2008
Care Delivery Models	Improving the culture of health care transitions at SickKids	Support a paradigm shift in the culture at SickKids to embrace transition thinking, and imbed transition practices to improve long term health of children and adolescents with chronic conditions	Hospital for Sick Children	Good to Go Team: Sharon Lorber, Melissa Klarn, Laurie Horricks, Geraldine Cullen-Dean, Khush Amaria, Miriam Kaufman, Beth Dettmer	SickKids-HLI 2008
Care Delivery Models	A pilot project in applying Collaborative Problem Solving (CPS) for managing children with behavioural challenges	Application of a collaborative solving approach to medical psychiatry in Neurology rounds. Consistent framework & approach to dealing with neurology population	Hospital for Sick Children	Janice Mulligan, Sandra Bjelajac-Mejia, Ivanna Yau, Maria Zak	SickKids-HLI 2008
Care Delivery Models	Interprofessional Model of Care	Implement an interprofessional model of care within the Assessment & Reintegration Program's 3 inpatient units	Ontario Shores Centre for Mental Health	Roban Halowski, Melanie Nguyen, Leslie Johnstone	DWNHLI 2009
Care Delivery Models	New practice model of care for mental health	Implement a new practice model on the in-patient unit in mental health	Montfort Hospital	Suzanne Cloutier & Claude Caron	DWNHLI 2009
Care Delivery Models	Redesigning Model of Care for a new 12 bed specialized adolescent unit	Optimizing nursing scope of practice	Ontario Shores Centre for Mental Health	Sandra Chen, Tracey Holz	DWNHLI 2010
Care Delivery Models	Blue Team	Establish & Implement an Assistive Personnel Team to enhance role optimization & care delivery based on the Nova Scotia collaborative care model.	South West Nova District Health Authority	Patty Roberts, Dana Andrews	DWNHLI 2010
Care Delivery Models	Model of Transitional Care (Reactivation and Restoration)	Identify an interprofessional model of care that will support the transition of Reactivation and Restoration patients from their program to home safely	Markham-Stouffville Hospital & St John's Rehab	Zelda Fornariov, Cathy Pupo, Elaine Forde, Julie Sullivan	DWNHLI 2010

Care Delivery Models	Customizing Ottawa Hospital Clinical Nursing Practice Model	Pilot the Ottawa Hospital Model for Clinical Nursing Practice, and customize it to the Montfort Hospital	Montfort Hospital	Guylaine Raymond, Louise Scherer	DWNHLI 2010
Care Delivery Models	Care Provision for Endoscopy at McMaster University Medical Centre	Redefine roles, responsibilities & team function in order to reinforce patient-focused model of care that meets needs of all stakeholders	Hamilton Health Sciences Corp.	Martin Ruaux, Jenaette Bulgin	DWNHLI 2011
Care Delivery Models	Optimizing Utilization of Peer Support Competency: Organized Framework	Peer support service delivery model for each inpatient care that is centered on mental health wellness and path to recovery	Ontario Shores Centre for Mental Health	Ifat Witz	DWNHLI 2012
Care Delivery Models	Collaborative Model of Care Development	Begin to create a collaborative model of care delivery on in patient medicine	Chatham-Kent Health Alliance	Lisa Northcott, Julie Demarais	DWNHLI 2013
Care Delivery Models	Labour, Delivery, Recover & Post-partum Model of care	Change the nursing model in L&D to an LDRP model	Bluewater Health	Sally Jenkins, Kelly Chartrand	DWNHLI 2014
Care Delivery Models	3R Care Design Pilot Project	Matching the care needs of the patient with the appropriate level of health care provider	Chatham-Kent Health Alliance	Janet Newham, Ruth Mazan	DWNHLI 2014
Care Delivery Models	Transforming workflow: Challenge & Change	Develop an interprofessional model of care for the radiation department	Niagara Health System	Bonnie VanVeen & Carmen Cernusca	DWHLI 2016
Care Delivery Models	Increasing staff to save staff	Create a robust, engaged Relief Team that minimizes overtime, reduces sick time and reduces use of Agency	Riverview Health Centre	Gisele Hadaller, Rob Mazur	DWHLI 2016
Care Delivery Models					
Care Delivery Models					

Care Pathways/Best Practices

Care Pathways/Best Practices	Programming for Elderly Challenging Behaviour	Evaluate the current programming for dementia clients, assess & improve that process.	Ontario Shores Centre for Mental Health	Darlene Albright Byers	DMW-2001
Care Pathways/Best Practices	Building a Centre of Excellence for Paediatric Rehabilitation	Build on the ideas & framework presented to MOHLTC for the successful funding of an inpatient rehab program within an acute	Children's Hospital of Eastern Ontario	Jeanne Robertson, Carol Ann Elliot	DMW-2002
Care Pathways/Best Practices	Clinical Pathway – A Multi-disciplinary Team”	Developing & implementing a generic clinical pathway, utilizing a multi-disciplinary team approach in collaboration with the hospitalists.	Grand River Hospital	Tammy Tebbut, Liz Piccinin	DMW-2002
Care Pathways/Best Practices	Hope for Stroke	Applying best practices to stroke patients: an interdisciplinary, patient-centred, team approach.	Guelph General Hospital	Wendy Furnes, Gaye Bilton-Spicer	DMW-2002
Care Pathways/Best Practices	The Cutting Edge	Establish & implement the RN First Assist role at Timmins & District hospital	Timmins & District Hospital	Rachel Cull, Josee Jean	DMW-2002
Care Pathways/Best Practices	Putting Standards into Practice – Clinical Documentation		St. Joseph's Health Centre Toronto	Jane Mosley, Lynne Strathern	DMW-2002
Care Pathways/Best Practices	A Comprehensive Framework for RPN Practice at HHS	Develop a comprehensive professional framework for RPNs across the corporation that includes standardized practice & increased quality of	Halton Health Services	Dawn Prentice, (PJ) Patricia Jappy-Loker	DMW-2002
Care Pathways/Best Practices	Putting “Standards” into Practice – Leading the Way in Quality Mental Health Care	Provide the mental health interdisciplinary team with the resources required to deliver exemplary client care that reflects our standards	Chatham-Kent Health Alliance Mental Health Services	Paula Reaume-Zimmer, Dan Saunders	DMW-2002
Care Pathways/Best Practices	Where Tertiary Care Meets Community!!!!	Development of a nurse-managed wound assessment/ intervention and intravenous infusion service located in a tertiary site and offered in	Winnipeg Health Sciences Centre	Helga Bryant, Wendy Rudnick	DMW-2003
Care Pathways/Best Practices	Best Practices in Cardiac Care from a Rural Perspective		Grey Bruce Health Services	Rebecca Coblentz, Val Marcella	DMW-2003
Care Pathways/Best Practices	Paediatric Pain Management		Acadia-Bathurst Health Authority	Pierrette Lavigne, Kellie McLean	DMW-2004
Care Pathways/Best Practices	Clinical Pathway Percutaneous Coronary Intervention		Health Sciences North- Sudbury	Joyce Paquette, Janice Love	DMW-2004
Care Pathways/Best Practices	Bridging the Gap - Patient Care Pathway for Dialysis Patients		St. Michael's Hospital	Joyce Hunter, Mina Kashani	DMW-2004

Care Pathways/Best Practices	Clinical Pathway - Cardiac Surgery		Health Sciences North- Sudbury	Gloria Richer, Debra Anderson	DMW-2004
Care Pathways/Best Practices	The Cornerstones We Will Build and Connections We Will Make in Caring for Our Patients' Safety		Hamilton Health Science Centre	Teresa Smith, Sharon Pierson	DMW-2004
Care Pathways/Best Practices	Putting Best Practice into Practice		Peterborough Regional Health Centre	Samantha Dalby, Joni Wilson	DMW-2004
Care Pathways/Best Practices	Raising Standards for Best Practice - Clinical Practice on a General Surgery/GI Unit"		St. Michael's Hospital	Joan Henry, Linda Loughridge	DMW-2004
Care Pathways/Best Practices	Promoting patient safety in elderly clients in an acute care environment	Develop a guideline that promotes patient safety in elderly clients who present with challenging behaviours in an acute care environment.	Cape Breton District Health Authority	Claire MacQuarrie, Roberta Taylor	DMW-2005
Care Pathways/Best Practices	Creating a structure and process for a circle of obstetrical care	Establish a structure and process for postpartum care in the community	Guelph General Hospital, Wellington Dufferin Public Health	Faye Hamilton, Amber Lunn	DMW-2005
Care Pathways/Best Practices	Development of a template to undertake a process review of the patient journey through the integrated cancer program	Understand the milestones of the patient journey, identify gaps and duplications that exist - which will clarify processes and roles	Grand River Hospital Integrated Cancer Program	Donna Van Allen, Sue Robertson	DMW-2005
Care Pathways/Best Practices	Guide to behavioral assessment and approaches to challenging behaviours of dementia	Guidelines for behaviour mapping and care approaches to challenging behaviours of dementia	Toronto Rehab Institute	Ursula Denedza, Dionisia San Andres	DMW-2005
Care Pathways/Best Practices	Advanced Triage Reassessment	Reassessment of patients in the waiting room meeting CTAS guidelines & implementing medical directives.	The Ottawa Hospital	Ann Marie Dimillo	DMW-2005
Care Pathways/Best Practices	Best Practice Guideline Renal Patients	A collaborative program between Nephrology & the Catheterization Lab to develop screening and protection protocol for renal function in all patients receiving contrast media.	Peterborough Regional Health Centre	Bev Hill, Linda Kloosterman	DMW-2005
Care Pathways/Best Practices	ER Identification of Psychogeriatric Patients	A model of care for early recognition and treatment of dementia, delirium and depression.	Chatham-Kent Health Alliance	Catherine McFarland, Denise Dodman	DMW-2005
Care Pathways/Best Practices	Preparing the CCAC for Integration through the Development of Case Manager Best Practice	Develop a model of Case Management based on Best Practice that can be incorporated into the CCAC of York Region which will enable the measurement of standards and assist with ongoing professional development.	CCAC of York Region	Joan Doran, Monica Gabriel	DMW-2005
Care Pathways/Best Practices	Least restraint environment: Best practices	To reduce the frequency of restraint usage, by revisiting the policy, identifying alternatives & educating staff	Kensington Gardens	Editha Salmasan, Josephine Gopez	DMW-2006
Care Pathways/Best Practices	Fast Track Report (Transfer of Accountability"	TOA documentation tool utilized for admitted patients from ED to the inpatient units.	Hamilton Health Science Centre	Elizabeth O'Sullivan, Daniela Dijmarescu	DMW-2006
Care Pathways/Best Practices	Care Pathway for the High Risk Joint Replacement Patient	To develop a care pathway for the surgical obstructed sleep apnea (OSA) patient	Concordia Hospital, Winnipeg	Louise Campbell, Georgia Wiens	DMW-2006
Care Pathways/Best Practices	Assessment & Management of Wound Care	Reinforce best practice amongst staff by developing multi-disciplinary assessment & care maps	Royal Terrace	Joyce Riehle, Michelle Tosh	DMW-2006
Care Pathways/Best Practices	Implementation of a best practice guideline in an organization that provides service in a diverse	Use the RNAO BPG (Reducing foot complications in diabetes) in 3-4 pilot First Nations communities; Document process & lessons learned	FNHIB- Office of Nursing Services	Deborah Archibald, Pamela Bradley	DMW-2006
Care Pathways/Best Practices	Falls Prevention program	Develop a comprehensive interprofessional falls prevention program & pilot in the Geriatric Mental Health Program	CAMH	Athina Perivolaris & Maria Reyes	DMW-2007
Care Pathways/Best Practices	Care of Mental Health client on an acute paediatric inpatient unit	Develop an evidence-based clinical pathway for the care of the paediatric mental health client	Niagara Health System	Heather Gallagher & Donna Rothwell	DMW-2007
Care Pathways/Best Practices	Pain Best Practice Guideline Introduction on the Unit	Introduction of the first best practice guideline on the unit	Montreal Children's Hospital	Lyse Boisvert & Mario Bonenfant	DMW-2007
Care Pathways/Best Practices	Intimacy and Sexuality Practice Guidelines for Residents with Dementia	Provide best practice guidelines and assessment tool to evaluate risk and educate staff / families in responding to issues of intimacy and	Fairmount Home	Heather Sands & Mary Lake	DMW-2007
Care Pathways/Best Practices	Prevention of Surgical Site Infections in Colorectal patients through implementation of best practice	Implementation of best practice guidelines for normothermia, hair removal and antibiotic use for colorectal patients	Markham-Stouffville Hospital	Tracie Scott, Loretta Morson, Sheila Churilla	DMW-2008

Care Pathways/Best Practices	Develop an evidence-based pathway to determine level of care for individuals requiring admission to the inpatient mental health unit	Develop a 'Decision Tree' to determine the most appropriate care for inpatients being admitted to mental health	Markham-Stouffville Hospital	Elizabeth Price & Karen McLeod	DMW-2008
Care Pathways/Best Practices	Steps to Care' Stroke Care Pathway	Develop care pathways for management of stroke patients	Southlake Regional Health Centre	Heather Davis & Tara Angus	DMW-2008
Care Pathways/Best Practices	Discovering directions to detect and divert delirium	Translating current best evidence into an easily accessible tool for the prevention, detection, and management of delirium.	Markham-Stouffville Hospital	Ellen Timson & Rhonda Seidman-Carlson	DMW-2008
Care Pathways/Best Practices	Clinical Pathway for Patients Undergoing Cardiac Surgery	Development of a tool to implement and coordinate care of patients undergoing cardiac surgery.	Health Sciences North- Sudbury	Kim Waine & Kim Whitteker	DMW-2008
Care Pathways/ Best Practices	Child & adolescent engagement in decision-making at Sick Kids - A best practices inventory	Create an inventory of 'good practices' used to enhance children & adolescents' decision-making about their health care	Hospital for Sick Children	Orville Brown, Sharon Guger, Christine Harrison, Caron Irwin	SickKids-HLI 2008
Care Pathways/ Best Practices	Family Care Rounds	Develop & implement a standard approach to family rounds across the organization	Hospital for Sick Children	Joanne Bignell, Kim Meighan, Jill Adolphe, Meredith Frise, Pam Hubley	SickKids-HLI 2008
Care Pathways/ Best Practices	Family-centred developmentally supportive care mapping for infants and families in the NICU	Develop & implement a Family-Centred care map which incorporates best practice guidelines and system of evaluation	Hospital for Sick Children	Sandy Steimvender, Dianne Treshellar, Lindsay McClelland, Michelle Berton, Cyndie Whitehouse	SickKids-HLI 2008
Care Pathways/ Best Practices	Improving transitions for families with serious prenatal diagnoses to pediatric care	Document the transitions process of prenatally diagnosed infants from Mt Sinai to SickKids; Develop a tool for families to document & share experiences; Develop plan for disseminating info to providers	Hospital for Sick Children	Regan Klatt, Christopher Trevors, Karen Tam	SickKids-HLI 2008
Care Pathways/ Best Practices	Advance Care Planning (End of Life)	Implement process hospital-wide for developing plans of care for children with life-threatening illness that reflect communication between healthcare professionals & families about wants, needs and desires for end of life care	Hospital for Sick Children	Maria Rugg, Gurgit Sangha	SickKids-HLI 2008
Care Pathways/ Best Practices	Opening the door to a natural death	Develop a reflective practice tool for health care professionals, addressing their values, attitudes and beliefs about end-of-life	Hamilton Health Sciences Centre	Peter Lopiski, Jane Smith-Eivemark	SickKids-HLI 2008
Care Pathways/ Best Practices	Implementation of Blaylock Discharge Planning Assessment Tool	Planning tool to identify patients at risk for prolonged hospital stay, and in need of discharge planning resources	Cambridge Memorial Hospital	Julese Chesney, Tracy Foreshaw	SickKids-HLI 2008
Care Pathways/ Best Practices	Fever Control	Conduct a survey of how much parents/caregivers know about fever control; design & implement a teaching program to fill the knowledge gaps	Health Canada - FNIHB - Duncan Health Centre	Marilyn Byam & Jyoti Vasudev	DWNHLI 2009
Care Pathways/ Best Practices	Standardizing Insulin Practice	Develop strategies to implement the RNAO BPG for subcutaneous administration of insulin in adults with Type 2 diabetes	St Michael's Hospital	Charlie Yang & Tes Montada-Atin	DWNHLI 2009
Care Pathways/ Best Practices	Impossible decisions made possible; engaging the community in pandemic triage planning	Conduct a systematic review of the current HHS Critical Care Pandemic Triage Protocol, including: engaging the public, developing a companion pediatric protocol & evaluating the Triage Team model	Hamilton Health Sciences Centre	Andrea Frolic, Carrie-Lynn Meyer	DWNHLI 2010
Care Pathways/ Best Practices	Development of a Transitional Geriatric Interim Stream (TGIS)	Develop & implement a transitional stream to facilitate the rapid assessment, intervention & discharge disposition for non-admitted, non-acute, displaced geriatric patients presenting in the ER	Victoria General Hospital, Winnipeg	Mike Fehr, Cynthia Moorby	DWNHLI 2010
Care Pathways/ Best Practices	Clinical Care Pathways - creating a sustainable process	Develop a process map for creating clinical care pathways for the Medicine Program	Peterborough Regional Health Centre	Denise Freeburn, Andrew Park	DWNHLI 2010
Care Pathways/ Best Practices	Interprofessional Medication Reconciliation on Admission	Make recommendations based on best practices to build medication reconciliation process in Meditech & to allow for interprofessional	Ontario Shores Centre for Mental Health	Sara Sadooghi, Bobbi Ivankovic, Sanaz Riahi	DWNHLI 2010
Care Pathways/ Best Practices	Stroke Best Practice Guidelines	Build multidisciplinary programs to take charge of patients diagnosed with stroke as per BP guidelines	Montfort Hospital	Annie Tremblay, Annie Boisvert	DWNHLI 2011
Care Pathways/ Best Practices	Geriatric Behavioural Unit	Develop a specialized service for adults who have a diagnosis of dementia and exhibit challenging behaviours	Quinte Health Care	Judeline Innocent, Sue Kotel	DWNHLI 2011

Care Pathways/ Best Practices	Multi-disciplinary approach to implementation of distress symptom management guidelines within a GI oncology ambulatory setting	Pilot project to implement evidence-based symptom management symptom for fatigue & anxiety as reported by patients	Princess Margaret Hospital	Sheila Webster, Pamela Savage	DWNHLI 2011
Care Pathways/ Best Practices	Ideal Vascular Access in NICU	Develop & implement best practice for neonatal vascular access device to meet provincial mandate	Health Sciences North- Sudbury	Kim Warren, Shannon Dowdall	DWNHLI 2011
Care Pathways/ Best Practices	Venous Thrombo Embolism (VTE) Prevention - a Safety Endeavour	Align GBHS with best evidence based practice in preventing venous thrombo-embolism	Grey Bruce Health Services	Debbe Kennedy, Stephan Sadikian	DWNHLI 2011
Care Pathways/Best Practices	Visiting kits for families of patient with dementia	Create a box of resources to provide an opportunity for engaging quality visits with dementia patients	Deer Lodge Centre, Winnipeg, Winnipeg	Carol Anderson, Rosie Sikora	DWNHLI 2011
Care Pathways/Best Practices	Mobilizing the ventilated patient	Develop a plan to improve early mobilization of the ventilated patient in the Intensive Care Unit based on best practice guidelines	Concordia Hospital, Winnipeg	Cheryl McKillop, Shelley Munro	DWNHLI 2011
Care Pathways/Best Practices	Implementation of Collaborative Goal Setting Achievement Monitoring Process	Introduce best practices in patient goal setting and goal achievement monitoring to Assessment and Rehab Program at Deer Lodge Center	Deer Lodge Centre, Winnipeg, Winnipeg	Philibert Ruberandinda, Sue Lotocki	DWNHLI 2012
Care Pathways/Best Practices	Psychosocial Crisis vs. Psychiatric Emergencies: Coming to a Common Understanding	To develop a shared understanding of psychosocial crisis vs. psychiatric emergencies in patient's presenting to Children's Emergency	Winnipeg Health Sciences Centre	Edith Kovacs, Andrea Funk	DWNHLI 2013
Care Pathways/Best Practices	Implementing Canadian Diabetes Association's 2013 best practices for inpatient care at Winchester District Memorial Hospital	To implement the 2013 Canadian Diabetes Association's Best Practice Guidelines	Winchester District Memorial Hospital	Naomi Thick, Anne Elliott	DWNHLI 2013
Care Pathways/Best Practices	Interprofessional Collaboration in Dementia Care	Developing an education program for staff and caregivers to enhance interprofessional collaboration in the early detection of aggressive behaviours for the residents/clients with dementia in the long term care home and the communities	Yee Hong Centre for Geriatric Care	Lucy Li, Tilda Hui, Agnes Wong	DWNHLI 2013
Care Pathways/Best Practices	Integrated Wound Management Approach	To focus on how the Best Practices Spotlight Organization initiative and implementation of RNAO's Best Practice Guidelines will inform integration of wound management between nursing and rehab. clinicians and develop education and clinical decision supports	VHA Home Health Care	Sandra McKay, Daria Ivantchikhin	DWNHLI 2013
Care Pathways/Best Practices	Reach for Mary	To integrate teach-back methodology to standardize approach for COPD care/treatment/education	Grey Bruce Health Services	Suzanne Set. Croix, Jane Wheildon	DWNHLI 2014
Care Pathways/Best Practices	Substance Misuse Management and Support	Seek appropriate community resources in the development of an in-hospital harm reduction program for clients and staff	Lake of the Woods District Hospital	Brigitte Loeppky, Lisa Hatfield	DWNHLI 2014
Care Pathways/Best Practices	Interprofessional Corporate Standards of Care	Establish a framework for interprofessional standards of care	Women's College Hospital	Theresa Kay, Catherine Renwick	DWNHLI 2014
Care Pathways/Best Practices	Engagement of Front-line staff in IPAC in the perioperative surgical program	Develop strategies for engagement of front-line staff to reduce HAI transmission.	Windsor Regional Hospital	Jen Cameron, Karen Riddell	DWHHLI 2014
Care Pathways/Best Practices	Create and implement a QBP education plan on a rehab unit	Educate front-line staff on QBP expectations and goals and implement necessary changes to clinical practice	Bluewater Health	Mary Beth Broadbent, Jenn Mackey	DWNHLI 2014
Care Pathways/Best Practices	Delirium order set implementation	Development and implementation of a delirium order set to assist the interprofessional team in their evaluation & treatment of delirium	Bluewater Health	Linda Dykes, Jennifer Moore-Riley	DWNHLI 2014
Care Pathways/Best Practices	Accreditation for Hospice/Palliative Care Standards within Complex Continuing Care		Hotel Dieu Grace Hospital- Windsor	Sandra Maxwell	DWNHLI 2014
Care Pathways/Best Practices	Oral Care Project	Assess and reinforce oral care best practices for patients admitted to acute care and rehab unit with a diagnosis of stroke.	Grey Bruce Health Services	Cathy Jenkins, Stephanie Hargrave	DWNHLI 2014
Care Pathways/Best Practices	Revising mental health assessment and practice in the rural Emergency Department	Create two assessment tools to guide clinical best practice with suicidal and/or violent patients	Winchester District Memorial Hospital	Sherry Roberts, Laura Landry	DWHLI 2015
Care Pathways/Best Practices	Obstructive Sleep Apnea Care	Develop & implement standardized assessment and care for patients with potential & identified obstructive sleep apnea throughout the surgical experience	Bluewater Health	Patti Steven, Heather Reid	DWHLI 2015
Care Pathways/Best Practices	Care pathway for leisure activity for tertiary mental health patients	Develop an interprofessional tool/guideline to engage patients in meaningful leisure activity	St Joseph's Health Care, London - Parkwood Institute for Mental Health	Joanne Andrews, Krista Harloff	DWHLI 2015

Care Pathways/Best Practices	Promoting interdisciplinary best practices and outcomes to mitigate malnutrition	CNS's work with practice leaders to promote delivery of best practices and quality outcomes for malnutrition	University Health Network	Anne Vandeursen & Shanaaz Dhalla	DWHLI 2015
Care Pathways/Best Practices	Establish a palliative care advisory committee	Establish a palliative care advisory committee to address the needs identified in the integrated models of end of life care final report.	Lennox & Addington County General Hospital	Jenn Masson, Kathy Board	DWHLI 2016
Care Pathways/Best Practices	Language Development Pathway for children with permanent hearing loss	Implement phase I of language development plan for children with permanent hearing loss by September 2017	Markham Stouffville Hospital	Louise Tanaka, Jacquie Beauchamp, Dana Putschi	DWHLI 2017
Care Pathways/Best Practices	Optimizing care practices for patients with responsive behaviours	Develop a guideline to support clinicians when encountering patients with responsive behaviours	University Health Network - Toronto Western	Alina Mednikov, Naudea Mair, Brittany Jenkins	DWHLI 2017
Care Pathways/Best Practices					
Care Pathways/Best Practices					

Patient/Client Centred Care

Patient/Client Centred Care	For the Love of Feet	Develop & implement a process for assessing, monitoring, improving & evaluating foot care practices within the Diabetes Comprehensive Care Program	St. Michael's Hospital	Kathryn Herridge, Julie Carthew	DMW-2002
Patient/Client Centred Care	I Can See, I Can Pee	Development of renal transplant & retinal surgical clinical pathways	St. Michael's Hospital	Ramona Cook, Carolyn Dempsey	DMW-2002
Patient/Client Centred Care	Tender Care	Residents make decisions about their own care; homelike atmosphere; homelike schedule	Peel Manor	Kathleen Black, Dorothy Shinkaruk	DMW-2002
Patient/Client Centred Care	Going the Extra Mile: Improving Customer Care in a Community Health Setting	Youville Centre, as a champion in health care, will be known for its high level of customer care/service. We will have raving fans that will talk to others about the exceptional level of service they received. As a result, staff will rave that Youville is the best place to work, and this will show in their commitment to the organization.	Youville Centre	Sylvia Oosterveen, Barb Wasilewski	DMW-2003
Patient/Client Centred Care	Grouping Patients with Similar Diagnoses within a Family Medicine Program	Creating two subspecialties (cardiology & ALS) within an otherwise large generalized family medicine program... to improve quality of care delivery and outcomes, to maximize utilization and to minimize risk.	Victoria General Hospital, Winnipeg	Sheila Bowles, Bose Agbayewa, Char Shatsky, Allan Perron	DMW-2003
Patient/Client Centred Care	A Plan for Inventory/Examination of Orthopedic Care & Services Using a Patient Centred Care Framework and Process Mapping Technology"		Hamilton Health Science Centre	Christine Anderson, Jennifer Henderson	DMW-2004
Patient/Client Centred Care	Surgical Family Peri-operative Information Centre	To provide a specific physical area for family members of peri-operative clients to seek out information.	Peterborough Regional Health Centre	Colleen Armstrong, Bonnie Clark	DMW-2004
Patient/Client Centred Care	Environment of Least Restraint	Develop a tool to assist staff in evaluating: 1) the need for and 2) the release of restraint use at any given time.	St. Joseph's Healthcare, Hamilton	Sharon Simons, Jane McKenzie	DMW-2004
Patient/Client Centred Care	Embracing skill development for family-centred care	Strengthening the professional relationship between a cross-training dyad	Health Sciences North- Sudbury	Angela Wiwczor, Anne Marie Stanzel, Pauline Seguin, Jana St. Aubin	DMW-2005
Patient/Client Centred Care	CCU Guidelines to support the delivery of quality end of life care	The development of guidelines to assist the team in providing quality end of life care to our ICU patients and their families. Guidelines may include withdrawal of care, family meetings, analgesia & sedation, organ & tissue donation	Guelph General Hospital	Heather Gray, Helen Martini	DMW-2005
Patient/Client Centred Care	The Waiting Game	Identify strategies to improve patient satisfaction in regards to wait times (involves patient survey/analysis, development of strategies & implementation)	St. Boniface Hospital	Brenda Van Walleghem, Donna Nowasad	DMW-2005

New/Changed Clinical Program or Practice	Implementing a Peritoneal Dialysis Service		Halton Healthcare Services	Nabila Lowe, Alison Thomas	DMW-2003
New/Changed Clinical Program or Practice	Developing a Comprehensive Breast Cancer Program		Acadie-Bathurst Health Authority	Michelle-Anne Doucet, Alison Hebert	DMW-2003
New/Changed Clinical Program or Practice	Integration of "Tidal Model" Tools with Solution-Focused Therapy		Royal Ottawa Mental Health Centre	Mary Sharp, Richard Tomlinson	DMW-2003
New/Changed Clinical Program or Practice	Disaster Plan for the ER department - Lessons Learned from SARS - Are we ready?		Guelph General Hospital	Kim Crawford, Jan McCormick	DMW-2003
New/Changed Clinical Program or Practice	Telemetry/Cardiac Care Expansion		Joseph Brant Memorial Hospital	Anne Marie MacDonald, Kim Moore	DMW-2003
New/Changed Clinical Program or Practice	Initiating a Fast-Track Process in the ER Department		Stanton Territorial Health Authority	Candy Grimm, Heather Leslie	DMW-2003
New/Changed Clinical Program or Practice	Functional Separation of an Adult-Paediatric ICU at MUMC		Hamilton Health Sciences Corp.	Elaine Chemeris, Nancy Fram, David St. Amant	DMW-2003
New/Changed Clinical Program or Practice	Streamlining the Pre-admission Process		South Bruce Grey Health Centre	Melody King, Ollie Regier	DMW-2004
New/Changed Clinical Program or Practice	Successful Merging of a Paediatric and Maternal Newborn Unit		Chatham-Kent Health Alliance	Sara Gee, Nancy Paling	DMW-2004
New/Changed Clinical Program or Practice	Introduction of Routine Screening for Domestic Abuse		Health Sciences North- Sudbury	Mary Carter, Nancy Horan	DMW-2004
New/Changed Clinical Program or Practice	Implementation of a Neonatal Abstinence Program		Health Sciences North- Sudbury	Debra Lahti, Kymm Azzeh	DMW-2004
New/Changed Clinical Program or Practice	Development of a Care Tracking Tool for Clients with Diabetes		Health Canada, FNIHB, Ontario	Barbara Flaherty, Susan Siwik	DMW-2004
New/Changed Clinical Program or Practice	Creating a Guide to Mental Health Assessments		Health Sciences North- Sudbury	Cathy Langlois, Gwen Cecile	DMW-2004
New/Changed Clinical Program or Practice	Self Drug Administration on Combined Care		Health Sciences North- Sudbury	Linda Hagen, Jean McKay	DMW-2004
New/Changed Clinical Program or Practice	Pre-Surgery Screening: Patient Participation, Education and Empowerment	Reduce OR cancellation rate by: determining the reason for cancellation; and providing education to seek assistance within their community.	Stanton Regional Hospital	Jill Harbicht, Sheena Schmok	DMW-2004
New/Changed Clinical Program or Practice	Hearts Together: Integrating Cardiac Nurses Care Across the Continuum	This project will integrate staff from four areas (medical, surgical, intervention and diagnostic) of a newly defined program to create common standards, skill sets and processes.	Kingston General Hospital	Lisa Smith, Mae Squires	DMW-2004
New/Changed Clinical Program or Practice	Change Recovery	To facilitate the transition process of patient care service from a rehab to a medicine program.	Victoria General Hospital, Winnipeg	Suzanne Campeau, Valerie Paulley	DMW-2004
New/Changed Clinical Program or Practice	Development of a Plan for the Merger of two Specialized Units	To develop a plan to elicit input & support from frontline staff & relevant stakeholders in 2 distinct units that are amalgamating. Hope to identify & address the anticipated fears & issues from the staff. A pre & post survey will form the foundation.	Vancouver Coastal Health	Tracey Taulu, Dawn Benson, Laurie McLaughlin, Carolyn Greenfield	DMW-2005
New/Changed Clinical Program or Practice	Acute care of the elderly initiative	Creating an acute care for the elderly initiative	Joseph Brant Memorial Hospital	Ted Reesor, Susan Downing	DMW-2005
New/Changed Clinical Program or Practice	Development of an Acute Palliative Pain/Symptom Management Model of Care	An acute palliative pain & symptom management program is currently under development through 5 interdisciplinary task groups. This project will facilitate integration of all the program components and information into a recognized and accepted model for palliative care that can be applied to day-to-day practice	Guelph General Hospital	Wendy Kolodziejczak, Leisa Faulkner	DMW-2005

New/Changed Clinical Program or Practice	Critical Care Response Team	A team of clinicians who bring critical care expertise to the patients bedside. (wherever that may be.)	North York General Hospital	Cathie Badeau, Kate Zimmerman	DMW-2005
New/Changed Clinical Program or Practice	Implementation of Observation Beds	To open 3 clinical decisions beds in the ICU/CCU.	Cambridge Memorial Hospital	Jayne Menard, Susan Harris-Howe	DMW-2005
New/Changed Clinical Program or Practice	Developing a Prehab Program for Patients awaiting Joint Replacement Surgery	The purpose of this program is to develop, initiate and evaluate a comprehensive pre-hab program of multidisciplinary assessment, intervention, education, and exercise for people awaiting elective hip and knee replacement surgery.	Concordia Hospital, Winnipeg	Laurie Walus, Ann Reichert	DMW-2005
New/Changed Clinical Program or Practice	Presence of Families During Codes	To Implement proper process of involving family observation at Code Blues.	Health Sciences North- Sudbury	Lynne Innes, Margaret Trudeau	DMW-2005
New/Changed Clinical Program or Practice	Managing Spinal Cord Injury Patients across the Continuum	Integrate the continuum of care for the Spinal Cord Injury patients between acute & rehab. Outline a model of care that crosses the continuum and integrate best practice between 2 units.	Hamilton Health Science Centre	Brenda St. Amant, Louise MacRae	DMW-2005
New/Changed Clinical Program or Practice	Stroke Prevention Clinic: Planning & Implementing	To plan and implement a stroke prevention clinic that is collaborative with the existing stroke prevention clinic at the HHSC.	St. Joseph's Healthcare, Hamilton	Donna Johnson, Stephanie Pust	DMW-2005
New/Changed Clinical Program or Practice	From Here to There & Back Again	Neurosciences unit will revert to neurosurgical unit with short stay cardiac beds.	Health Sciences North- Sudbury	Lise Thomas, Melissa Speilman	DMW-2005
New/Changed Clinical Program or Practice	Delirium assessment as the first step in the implementation of elder-friendly care strategies throughout the facility	Implementation of a Delirium protocol on an acute care surgical orthopedic unit. Screening of patients 65 years and older in preadmission clinic & via Emergency	Seven Oaks General Hospital	Kora Otto-Shannon, Candyce Szkwerek, Kim Goodbrandson	DMW-2006
New/Changed Clinical Program or Practice	Framework to transition to a Schedule 1 Facility	The creation of a framework to transition the mental health program to a Schedule 1 Facility	York Central Hospital	Gundell Lee, Janet Hogan	DMW-2006
New/Changed Clinical Program or Practice	Routine notification and request for organ/ tissue donation	To integrate organ & tissue donation as a routine part of end of life care	Lake of the Woods District Hospital	Marg Stevenson, Sonia Hill	DMW-2006
New/Changed Clinical Program or Practice	Geriatric Renal Rehabilitation - Bridging the gap	To provide geriatric focused rehabilitative services for hemodialysis patients at HSC, where service is currently unavailable outside the centre.	Health Science Centre, Winnipeg	Jan Schneider, Christine Johnson	DMW-2006
New/Changed Clinical Program or Practice	Pre-Admission Assessment Tool for Joint Replacement Patients	To identify & pilot a pre-admission assessment tool for total joint replacement patients, and to analyze the data	Cambridge Memorial Hospital	Charlie Bauman; Liz Elliott	DMW-2006
New/Changed Clinical Program or Practice	Movin on Up!	Build consensus and a shared vision with staff and key stakeholders around distribution and design of medicine services on medical units	Peace Country Health - QWII	Bonnie Kennedy, Amanda Deschene, Gail Deagle	DMW-2006
New/Changed Clinical Program or Practice	Falls Management, Education & Prevention	Work to eliminate preventable falls in the community & hospital through collaboration across the continuum of care.	Health Sciences North- Sudbury	Hope Marchbank & Lisa Zemans	DMW-2006
New/Changed Clinical Program or Practice	Analysis of a proposed practice change on inpatient cardiology	To examine the feasibility of having specially trained RNs perform femoral sheath removal post PCI	Health Sciences North- Sudbury	Janice Corkal, Laurie Zinger	DMW-2006
New/Changed Clinical Program or Practice	Moving the NICU	Facilitate the move of the NICU from current temporary space to new permanent space, incorporating practice & behavioral changes along the way	Health Sciences North- Sudbury	Sheena Shannon, Rosalyn Straw	DMW-2006
New/Changed Clinical Program or Practice	Education program for oncology patients & families	Develop a multiple-aspect education program for oncology (incl. CD, video & telehealth)	Orillia Soliders Memorial Hospital	Berry Crooks, Dianne Sofarelli	DMW-2006
New/Changed Clinical Program or Practice	Development of a Psoriasis Out-patient program	Development of an out-patient program to provide services to clients suffering from psoriasis	Chaleur Regional Hospital	Frances Duquay, Karla Bertholet	DMW-2006
New/Changed Clinical Program or Practice	Improve facility admission process	Improve current admission process for new residents to facilitate a smooth transition & promote quality of life	Marianhill	Margaret Cliché & Marian Doering	DMW-2007
New/Changed Clinical Program or Practice	Meeting IV therapy needs of clients at CAMH	Implement structures & processes for meeting the IV therapy needs of clients & implement a plan for building nursing capacity & competence in IV therapy	CAMH	Linda Slodan & Ann Pottinger	DMW-2007
New/Changed Clinical Program or Practice	Mixed gender patient rooms	Pilot project for mixed gender room assignment to improve patient flow, decrease inter-unit transfer, and decrease LOS in emergency	North York General Hospital	Lesma Bartley & Jennifer Eccles	DMW-2007
New/Changed Clinical Program or Practice	Paediatric Asthma Clinic	Provide assessment, education & action plan for difficult-to-control asthma patients	Southlake Regional Health Centre	Catherine Genco & Janet Bowles	DMW-2007

New/Changed Clinical Program or Practice	Creating a Chemotherapy Documentation tool	Creating a Chemotherapy Documentation tool that meets both the current and future needs of the cancer program; aligned with CNO & CANO standards & suitable for electronic adaptation.	Hamilton Health Sciences Centre - Juravinski Cancer Program	Rosemary Bland & Jennifer Wiernikowski	DMW-2007
New/Changed Clinical Program or Practice	Caring for patients experiencing delirium post cardiac surgery	Implementation of screening & caregiving strategies for post-surgical delirium in the cardiac care patient population	Hamilton Health Sciences Centre	Jenn Foley, Anne Pizzacalla, Irene Travale	DMW-2007
New/Changed Clinical Program or Practice	Leading the way out of the Preadmission Clinic Process Maze	Implementing MICE2 model using K+P leadership principles to encourage the exemplary leadership practices and improve / enhance and redesign the current preadmission process	Soldiers Memorial Hospital, Orillia	Norah Holder, Jessica Bigelow	DMW-2007
New/Changed Clinical Program or Practice	Development of Palliative Care Unit	Transforming oncology / medicine unit of 30 beds by dividing unit into a medicine oncology unit and a palliative care unit	Southlake Regional Health Centre	Roz Gambell & Jean Petruszewski	DMW-2007
New/Changed Clinical Program or Practice	Transition to the New Lac du Bonnet Personal Care Home	Consultation and buy-in from the existing staff in working towards a plan of change in the development of a new 70 bed personal care home	North Eastman Health Association	Lorraine Dent-Prychun & Brenda Rose-Wiebe	DMW-2007
New/Changed Clinical Program or Practice	Restorative Care - What's it all about?	Introducing the concepts of restorative care to the interdisciplinary team	Belmont House	Donna Locke & Gwen Chiu	DMW-2007
New/Changed Clinical Program or Practice	Planning and Implementation of COPD Program at QCH	Successful implementation of a COPD program which includes standardization of care, inpatient rehab, outpatient clinics, supported by the introduction of an APN role	Queensway Carleton Hospital	Susan McDowell & Karen Carruthers	DMW-2007
New/Changed Clinical Program or Practice	Diabetes Algorithm and Communication Tool	A communication tool including diabetes best practice algorithm to link information and services between health care providers	O'Chiese Health Centre	Sandra Livingston & Dawna-Lee Nielsen	DMW-2007
New/Changed Clinical Program or Practice	Chronic Ventilator Program for Complex Continuing Care (CCC)	Enhance the care delivery model for ventilated patients in CCC to include Registered Practical Nurses	Niagara Health System	Wendy Robb, Beth Draper	DMW-2008
New/Changed Clinical Program or Practice	Opening the Door	Opening an alternative milieu setting promoting client independence, choice, dignity and freedom	Centre for Addiction & Mental Health	Olga Vuksic & Modest Rutembesa	DMW-2008
New/Changed Clinical Program or Practice	Optimizing the care of mental health patients in the Emergency Department	Revise role of (crisis) mental health team to facilitate movement of mental health patients out of the Emergency Department	Markham-Stouffville Hospital	Joanne Alfane & Sandy Marangos	DMW-2008
New/Changed Clinical Program or Practice	Transition of Telemetry	To ensure a smooth transitions of telemetry-monitored patients from the ICU to Medicine	Cambridge Memorial Hospital	Gurwinder Dhaliwahl & Jackie Cole	DMW-2008
New/Changed Clinical Program or Practice	Ambulance patient off-load improvement project	Design and implement a project aimed at expediting off-load of emergency service ambulance patients	Mount Sinai Hospital	Carolyn Farquharson & Sheena Schuck	DMW-2008
New/Changed Clinical Program or Practice	Communication of ARO (Antibiotic Resistant Organism) status within oncology units	To establish a clear process of communicating patients' ARO status to all caregivers within the clinics and at transitions points; develop an	Hamilton Health Sciences - Juravinski Cancer Centre	Angela Djuric Paulin & Carol Robertson	DMW-2008
New/Changed Clinical Program or Practice	Consolidation of Palliative and Mental Health Services	Move Palliative Care to General Campus; Move Mental Health to Grace Campus; and support staff development to develop unique skills	The Scarborough Hospital	Maureen Sunter & Gaye Bell	DMW-2008
New/Changed Clinical Program or Practice	Interdisciplinary communication tool to optimize length of stay in a service excellence model.	Development of communication tools to optimize patient care.	Grace Hospital Winnipeg	Diana Doyle-Zebrun, Ryan Shymko, Andrea Ollson & Shelley Keast	DMW-2008
New/Changed Clinical Program or Practice	Implementation of a nurse led critical care response team (CCRT)	Improved patient safety, quality, teamwork, and utilization of resources with a CCRT.	Cambridge Memorial Hospital	Scott Hutchings & Vera Heldmann	DMW-2008
New/Changed Clinical Program or Practice	Implementation of a high acuity unit on a surgical ward	Introduction of 4 new surgical beds for high acuity patients.	London Health Sciences Centre	Jenn Mellecke & Linda Downing	DMW-2008
New/Changed Clinical Program or Practice	Transfer of Care- Accountability-Patient Handover	Creation of template for shift report.	Peterborough Regional Health Centre	Terri Early & Sherry Quibell	DMW-2008
New/Changed Clinical Program or Practice	Transfer of Care Tool	Development of a tool to ensure accurate and efficient patient information transfer.	St. Joseph's Healthcare, Hamilton	Brooke Cowell & Tara Coffin-Simpson	DMW-2008

Patient Flow					
Patient Flow	Smooth transitions for geriatric rehab patients	Focus on processes that will ensure smooth transitions of patients admitted to Geriatric Rehab Inpatient Service; transfer out to acute	Toronto Rehabilitation Institute	Lori Adler, Carol Holmes	DMW-2002
Patient Flow	Optimizing Patient Flow for Surgical Same-Day Admission Patients		Mount Sinai Hospital	Rose Jansen, Jo Ann Noble	DMW-2003
Patient Flow	Improving Access to Specialized Inpatient Rehabilitation Services		The Ottawa Hospital	Cathy Danbrook, Helen Zipes	DMW-2004
Patient Flow	Continuity through Planned Connections		York Central Hospital	Linda Myles, Nancy Wilson	DMW-2004
Patient Flow	Using the HUB to Streamline Admissions for Patients with Eating Disorders	Changing our care delivery model for patients with eating disorder by moving from an inpatient to an outpatient approach. This change is	Providence Health Care, Vancouver	Elaine McGlenister, David MacDonald	DMW-2004
Patient Flow	Proposal to Enhance Patient Flow through the Emergency Department	Utilizing two methodologies: 1) Networking with comparator hospital sites via site tours, 2) Internet resources via current literature searches we will identify barriers to patient flow through the ER department and submit a proposal of recommendations that will enhance the efficiency and potentiate positive patient outcomes.	Joseph Brant Memorial Hospital	Marianne Fletcher, Kathy Szostak	DMW-2004
Patient Flow	Implementation of an Early Warning Scoring System for Patient Acuity	A pilot toolkit to Identify pt at risk of changing acuity or determination, implement rapid intervention when it can be most effective, and determine appropriate level of care (bed management.)	Chatham-Kent Health Alliance	Lin Stevenson, Karen Millard	DMW-2005
Patient Flow	Improving Patient Flow	Assessing the demand capacity of inpatient surgery unit at TOH Civic Campus and examine the current flow identifying barriers and bottlenecks to minimize variation in activity and decrease OR cancellations.	The Ottawa Hospital	Susan Batista, Jennifer Smylie	DMW-2005
Patient Flow	Utilization Management (UM) System: Improving LOS from acute to subacute areas	Implementation of a computerized system that requires an RN to enter clinical patient information that will enhance team analytical process & assist in providing patient care in the most appropriate setting	Victoria General Hospital, Winnipeg	Joanne Stothers, Donna Romaniuk	DMW-2006
Patient Flow	Optimizing flow of cardiac surgical patients	Improving flow of cardiac surgical patients through peri-operative, critical care, and ward experiences	London Health Sciences Centre	Judy Kojlak, Pat Merrifield, Sherri Lawson	DMW-2006
Patient Flow	Changing Access management in the acute locked adult psychiatric unit	Change perception of entry to acute mental health inpatient locked unit by removing uniformed security officer.	Hotel Dieu Hospital, Kingston	Marnie Dahl, Eval Barnett	DMW-2006
Patient Flow	FIT (facilitating improved throughput) Program	Improve the efficiency of the ADT process in order to decrease length of stay & improve satisfaction of staff, patients & family	Concordia Hospital, Winnipeg	Chris Collier & Bonnie Shipman	DMW-2007
Patient Flow	Patient Flow through the Surgical Program	To focus on 1-2 bottlenecks in the surgical process (OR and Surgical Unit) that hampers patient flow	Concordia Hospital, Winnipeg	Tanya Cheetham, Karin Long	DMW-2007
Patient Flow	Key indicators in managing and facilitating patient flow	Develop a tool to classify hospital patients into stages of urgency and actions needed to optimize patient care	Kingston General Hospital	Andrea Keller & Tracy Fitzgerald	DMW-2008
Patient Flow	Emergency Department (ED) patient flow process mapping	Conduct a diagnostic assessment of ED patient flow processes	South West Nova Scotia District Health Authority	Pamela Robichaud & Debbie Hill-LeBlanc	DMW-2008
Patient Flow	Key indicators in managing and facilitating patient flow	To develop a tool that classifies the hospital into stages of urgency, and suggests actions to optimize patient care	Kingston General Hospital	Reg hart, Tom Hart, Tracy Fitzgerald, Andrea Keller	DMW-2008
Patient Flow	Paved Patient Pathways	Project to ensure efficient patient flow in new outpatient centre.	Grand River Hospital	Michelle Wilhelm & Jane Huiskamp	DMW-2008
Patient Flow	Patient Flow Initiative	Create strategies to remove barriers to discharge, thus enabling timely admission	Peterborough Regional Health Centre	John Whitehead, Brad Sippel, Colleen Howson , Cheryl Coombs	HLI 2006-7
Patient Flow	Implementation of a Discharge Planning model across the organization	Implementing established discharge planning guidelines, ensuring that every patient & family leaves hospital with a printed discharge plan	Royal Ottawa Mental Health Centre	Don Cowell, Ann-Marie O'Brien	HLI 2006-7

Patient Flow	Improving hand-off of rehab plan of care upon discharge	Develop a hand-off tool & process to improve the quality & accuracy of information communicated upon discharge from Sick Kids	The Hospital for Sick Children	Kim Streitenberger, Rita Damignani	HLI 2006-7
Patient Flow	8th Avenue Connector	Waitlist support for clients transitioning from Urgent Mental Health to Community Mental Health, through individualized mental health intervention.	Calgary Health Region	Twila Orto, Cheryl Gardner	HLI 2007-8
Patient Flow	Transitioning patients from inpatient to outpatient neonatology services	Develop a streamlined process for transitioning from inpatient to outpatient neonatology services, with enhanced metrics. Develop joint education process for NNFU & NICU staff to support families in the process	The Hospital for Sick Children	Anne Marie Jewiss, Lesley	HLI 2007-8
Patient Flow	Successful integration back to community	Develop a tool for discharge planning & medication reconciliation	Cambridge Memorial Hospital	Noela Vorsteveld, Kimberley Floyd	HLI 2007-8
Patient Flow	Clinical protocol for risk assessment & mitigation	Develop a risk assessment and mitigation tool for complex patient discharges. Pilot protocol with two multi-disciplinary teams on acute medical units in community hospitals	Winnipeg Regional Health Authority	Marlene Stern, Sandra Loewen	HLI 2007-8
Patient Flow	Inpatient resource alignment	Implement the process, change management and organizational improvement strategies that support alignment of inpatient staff resources & facilitate inpatient admissions/transfers in unit	Hospital for Sick Children	Andrea Sepa, Margot Follett Rowe, Colleen Peskun, Jane owes Ciordas	SickKids-HLI 2008
Patient Flow	Driving to Discharge	Develop & implement a visual tool to trigger all team members to each discharge goals	Hospital for Sick Children	Alistair Hodinott, Catherine Hebbard, Clare Barford	SickKids-HLI 2008
Patient Flow	Innovative strategies for improving discharge planning for patients with diabetes	Develop a method for facilitating discharge of patients with diabetes, encompassing: admission, assessment, education of staff, patients & families, discharge plan and documentation.	Hamilton Health Sciences Centre	Carol Chagnon & Bo Fusesk	DWNHLI 2009
Patient Flow	Development of entrance criteria for integrated discharge planning unit	Use established hospital categories of client complexity to determine eligibility for the Integrated Discharge Planning Unit	Winnipeg Regional Health Authority	Pat Younger & Carolyn Blieske	DWNHLI 2009
Patient Flow	Review of discharge planning rounds	Review discharge planning rounds in order to make recommendations to enhance planning for patients, which will result in improved patient flow	Grace Hospital, Winnipeg	Gale Pearson & Marie McKie	DWNHLI 2009
Patient Flow	Welcome to our World - Facilitating a smooth transition	Facilitate a smooth transitions throughout HSC - particularly critical care -> surgery -> discharge home	Winnipeg Health Sciences Centre	Asha Pereira & Jane Eason-Hamm	DWNHLI 2009
Patient Flow	Using utilization management tool to more accurately identify homelessness as a barrier to discharge	Standardize & implement ways to identify homelessness barriers early on, in order to facilitate more efficient discharge	Winnipeg Health Sciences Centre	Kathy Hendrickson-Gracie & Stacie Karlowsky	DWNHLI 2009
Patient Flow	Surgical Access Made Easy (S.A.M.E.)	Standardize approach to accessing all surgical care	St Joseph's Health Care, Hamilton	Kim Stephens Woods, Deanna Brunet	DWNHLI 2009
Patient Flow	ICU/SDU Minor/moderate surge capacity plan	Develop a plan which clearly identifies a minor and moderate surge capacity plan and the steps to take to safely care for ICU & SDU patients	health Sciences North- Sudbury	Tina Bloomfield	DWNHLI 2011
Patient Flow	Easy access to health & social services in St James	Provide increased opportunity to request and access services: walk-in, phone in or crisis/urgent in a more coordinated & efficient manner	Grace Hospital, Winnipeg	Barbara Bolshaw-Dow, Rob Wilson	DWNHLI 2011
Patient Flow	CDU/ED Patient Flow New Project Initiative	To improve patient flow out of the ED of admitted medical patients.	Hamilton Health Sciences- Juravinski Hospital	Carolyn Jones, Sarah Roy	DWNHLI 2012
Patient Flow	Improving Transitions in Care of the Medically Complex and Frail Older Adults	Defining how and when the Integrated Care Transitions/Rapid Response programs will interface with the Geriatric Care Team, in	Health Sciences North	Laura Green, Kayla Stevens	DWNHLI 2013
Patient Flow	Patient Flow between Adult & Children's Emergency ER Departments	Providing safe flow between Emergency departments when patients present at the wrong ED	Winnipeg Health Sciences Centre	Carole Legare, Sheila Hutton	DWNHLI 2014
Patient Flow	Partnering for Better Transitions	Develop model for discharge planning the builds capacity and supportive relationships along the continuum	IWK - Dalhousie	Krista Rigby, Nancy Cashen, Megan's Andrea Chircop	DWNHLI 2014
Patient Flow	Linking unattached patients to a primary care provider	To develop a clearly developed process to ensure that patients presenting to Victoria General ER department are linked to a primary care provider	South Winnipeg Integrated Health & Social Service	Natalie Imbroglio, Gail Bembenek	DWNHLI 2014

Patient Flow	Social Workers go with the flow	Pilot study for Social Workers to identify early in patients' admissions barriers to early discharge	Winnipeg Health Sciences Centre	Glen Land, Alyson Haiart	DWNHLI 2014
Patient Flow	Early mobilization	Early mobilization to improve patient centred care and decrease length of stay	Concordia Hospital, Winnipeg	Rachel Mamott, Patrice Lee	DWNHLI 2014
Patient Flow	Bye Bye Beavers	Assess and improve flow for the surgical day surgery patients	Winnipeg Health Sciences Centre	Barb Lamonna, Lisa Anthony	DWNHLI 2014
Patient Flow	Creating Criteria for ease of movement of patients from Emergency to Complex Continuing Care	Facilitation of movement of admitted patients from ER to CCC	Winchester Hospital	Randall Smolinski, Sean Brunett	DWNHLI 2014
Patient Flow	Transfer of accountability (TOA) between medical-surgical ICU, operating room (OR) and/or post-anesthetic care unit (PACU)	Develop and implement a formatted TOA process between identified unity, with a 75% compliance rate	St. Michael's Hospital	Melissa Goiyab, Debbie Snatenchuck, Nancy Rudyk, Pam McLachlan	DWHLI 2015
Patient Flow	Transfer of Accountability (TOA) from Emergency (ED) to ICU	Develop a TOA checklist and complete a one-month Plan-Do-Study-Act cycle	St. Michael's Hospital	Liz Butorac, Jenna Moulder, Victoria Govan, Jodi DenBok	DWHLI 2015
Patient Flow	One point of entry project	All palliative patients in the Georgian Trangle will have access to a palliative approach to care, navigated by a buddy	Hospice Georgian Triangle	Trish Rawn, Allison McHaig	DWHLI 2015
Patient Flow	Decrease 30 day readmissions on medical units	In collaboration with Community Health Centres and Family Healthcare Teams, prior to discharge, book discharge follow-up appointments for patients within 7 days of their discharge .	Bluewater Health	Kim Kerr, Heather Mayea	DWHLI 2015
Patient Flow	CTAS Implementation in Treaty 8 North Alberta	Develop a formal process of service delivery that enhances organization and improves client satisfaction & outcomes	First Nations & Inuit Health Board (Alberta)	Donalda Stanley, Kelly Christie	DWHLI 2016
Patient Flow	Standardize safe discharge for acute and complex medical patients	Ensure all patients are discharged safely within their expected date of discharge (standardize approach, develop checklist, etc).	Niagara Health	Shawna Speck, Victor Chiu	DWHLI 2017
Patient Flow	Optimize discharge planning for surgical patients	Create and pilot a discharge planning handoff tool for surgical patients	University Health Network (Toronto General Hospital)	Marimana Zubrinic, Jocelyne DeRomana	DWHLI 2017

Knowledge Development & Transfer	Streamline policy & procedure development for critical care	Develop & implement a collaborative process for timely development & review of critical care policies & procedures using web-based technologies	Winnipeg Health Sciences Centre	Priya Doodnauth, Lissa Currie, Susan Gerlach	DWNHLI 2011
Knowledge Development & Transfer	Structure and Tools to Support Clinical Research at Deer Lodge Centre	To demonstrate proof of concept that research can be done/consumed/contributed to, by clinical staff without unduly adding	Deer Lodge Centre, Winnipeg	Ben Adaman, Colleen Braun-Janzen	DWNHLI 2013
Knowledge Development & Transfer					
Knowledge Development & Transfer					

Information Systems/Technology/Management					
Information Systems/Technology/ Management	Back to the Future	Organize the information & learnings from DMW-NLI wee & share with the management team	Southlake Regional Health Centre	Laura LeBlanc	DMW-2001
Information Systems/Technology/ Management	Health Program Division Framework	A framework for developing a strategic planning process within the Health Programs Division	Niagara Health System	Mary Parker	DMW-2001
Information Systems/Technology/ Management	Opening the Doors - Rubik's Cube	Organizing an orientation of new staff to our brand new facilities which are opening over next 3 years.	Extendicare (Canada) Inc.	Bobbie Rogan, Heather VancerSchaaf	DMW-2001
Information Systems/Technology/ Management	Nursing Leaders Information Management System	Developing a nursing database to provide information to multiple users with multiple focuses.	First Nations Inuit Health Branch, Winnipeg	Debi Matias, Wendy Ducharme	DMW-2002
Information Systems/Technology/ Management	Our Big Fat-----Roll Out	Developing a plan for communicating & implementing recently developed Professional Practice Model for Nurse Case Managers at WSIB	Workplace Safety Insurance Board	Lynne Purvis, Janet Kivisto	DMW-2002
Information Systems/Technology/ Management	Template for Emergency Preparedness in FNIHB Facilities in BC	Develop template to record accurate up-to-date emergency preparedness plan.	FNIHB – BC	Marcia Mirinas, Lori Tulloch	DMW-2003
Information Systems/Technology/ Management	Field Reports and Data Collection Analysis"		Health Canada, FNIHB Edmonton	Levina Ewasiuk, Deborah Greyeyes	DMW-2003
Information Systems/Technology/Management	Implementation of an Electronic Patient Care System Across 3 Sites		Health Sciences North- Sudbury	Diane Belanger-Gardner, Grace St. Jean	DMW-2003
Information Systems/Technology/ Management	Establishment of Infrastructure to Support Implementation of an Electronic Health Record"		Deloitte & Touche, St Michaels Hospital	Kaiyan Fu, Jane Merkley	DMW-2004
Information Systems/Technology/ Management	Universal Screening for Domestic Violence	To develop a universal abuse screening tool for all women => 16 years old, based on best practice guidelines.	Chatham-Kent Health Alliance	Paula Morrison, Cathy Dickson	DMW-2004
Information Systems/Technology/ Management	Comprehensive Model for Disaster Planning in Remote Northern First Nations Communities	Development of a model/template for First Nation communities to use in a comprehensive disaster plan.	Health Canada, Ontario	Valerie Whitt, Selina Dockery	DMW-2004
Information Systems/Technology/ Management	Responsive Scheduling	This project will be the pilot for the Vancouver Island Health Authority and will entail the design and development of responsive scheduling practices for 3 units at the Campbell River Hospital.	Vancouver Island Health Authority, Victoria	Anne Cooke, Mia Stalberg	DMW-2004

Information Systems/ Technology/Management	Motivating the OR Team toward accepting a computerized OR Management & Information System	The implementation of the PICIS ORIMS in the N.W.T.	Stanton Territorial Health Authority	Wendy Baker, Michelle Muise	DMW-2005
Information Systems/ Technology/ Management	"The missing link" - Improving data collection process for cardiac information	Improve the efficiency & quality of data collected for MOHLTC, HRSRH, and Critical Care Network; and prevent duplication while maintaining best practices	Health Sciences North- Sudbury	Linda Anderson, Karen Jelen	DMW-2006
Information Systems/ Technology/ Management	Tracking tool for mandatory training & corporate initiatives for staff	Develop a tracking tool for managers/educators to keep track of staff training and corporate initiatives	The Ottawa Hospital	Barry Hollywood, Rosemary Bickerton	DMW-2006
Information Systems/ Technology/Management	Multidisciplinary Documentation Improvement	Develop a computerized resident information system	Craigwiell Gardens	Gerri Picken, Jennifer Parent	DMW-2006
Information Systems/ Technology/Management	Develop Implementation Plan for Clinical Documentation	Implement an electronic database for the Electronic Health Record in ER	Grey Bruce Health Services	Melissa Thomson, Michele Turcette	DMW-2006
Information Systems/ Technology/Management	A problem-solving tool kit	Develop a tool to guide registered staff in their critical and clinical decision-making	Yee Hong Centre for Geriatric Care	Chau Nhieu-Vi & Susan Griffin Thomas	DMW-2007
Information Systems/ Technology/Management	Multimedia tutorial template & prototype	Develop a template for e-learning. Develop a prototype online tutorial that can then be customized based on content	Winnipeg Health Science Centre	Cherie Pinkerton & Brenda Stutsky	DMW-2007
Information Systems/ Technology/ Management	Changing perceptions - adoption of an electronic health record in the regional cancer program	Survey knowledge, attitudes & beliefs of primary nurses re: proposed changes to clinical documentation processes & initiate educational program re electronic documentation	Health Sciences North- Sudbury - Regional Cancer Program	Tracie Parks & Jeannette Mallay	DMW-2007
Information Systems/ Technology/ Management	The Art of comprehensive documentation	Engage all relevant departments in development of a nursing admission database in keeping with regional standards	Winnipeg Grace General Hospital	Brenda Janz & Sandra Gerbrandt	DMW-2007
Information Systems/ Technology/ Management	"DOS to Win" Software Conversion in Food Services	Conversion of software & data from obsolete DOS-based platform to newer, evolving Windows environment	Collingwood General & Marine Hospital	Robin Gilman	HLI 2005-6
Information Systems/ Technology/ Management	Creating a newsletter to connect health & social services staff from remote communities	Develop & distribute e-newsletter to Kitikmeot/Baffin Health & Social Services (then expand to all regions) "Northern Loop"	Dept. Health & Social Services - Nunavut	Connie Kwon, Florence Wood, Karen Lue-Kim	HLI 2005-6
Information Systems/ Technology/ Management	Security & Privacy Model for Records Management	Conduct a complete review of how employee & client information is received, managed, stored & disposed of during entire life-cycle - develop processes	Comcare Health Services	Nancy Sills, Debbie Vieira, Mary Atkinson	HLI 2005-6
Information Systems/ Technology/ Management	Data Quality Improvement & Efficiency	Achievement of excellent data, to optimize efficiency, redesign, performance & accountability	Chatham-Kent Health Alliance	Karen Waymouth, Deb Caza	HLI 2006-7
Information Systems/ Technology/ Management	Implement voice recognition	Conversion of manual transcription to automated voice-recognition transcription	Markham Stouffville Hospital	Lynne Campkin, Elizabeth Lalingo, Andrea Laman-Mackenzie	HLI 2006-7
Information Systems/ Technology/ Management	Implementation of Resident Assessment Instrument - Mental Health (RAI-MH)	Develop an implementation plan for the purchase and roll-out of RAI-MH	Royal Ottawa Mental Health Centre	Lori Norris, Mary Lou MacFarlane	HLI 2006-7
Information Systems/ Technology/ Management	Automated patient registration	Transition from multiple manual registration sites to centralized automated self-serve kiosks	Collingwood General & Marine Hospital	Paula Pattenden, Patti-Redpath-Plater	HLI 2006-7
Information Systems/ Technology/ Management	Drug Distribution -Automation	Purchase & initiation of an automated packaging machine	Markham Stouffville Hospital	Patty Brown, Shellyna Moledina	HLI 2006-7
Information Systems/ Technology/ Management	LINC UXBRIDGE: Leading internal network communication	Revise Uxbridge Intranet page to enhance internal communication, using a central repository for information	Markham Stouffville Hospital - Uxbridge Site	Elaine Goulbourne, Debbie Konecny, Sheila Brunet, Edith McDermott, Lynne Smart	HLI 2007-8
Information Systems/ Technology/ Management	Social Work tool kit	Developing a virtual file cabinet that links clinical pathways with community resources	Hamilton Health Sciences Centre	Tim Dyck, Lisa Lloyd Scott	HLI 2007-8
Information Systems/ Technology/ Management	Early interventions for success	Implement the use of PDAs and specific software to track the achievement of paramedic student competencies in hospital and field settings	Humber Institute of Advanced Learning (Paramedic Program)	Lynne Urszenyi	HLI 2007-8
Information Systems/ Technology/ Management	Managing change: from P-excellence (paper) to E-excellence	Develop a blueprint for delivering communication and engagement strategies to fully involve EDIS stakeholders in EDIS implementation	Cambridge Memorial Hospital	Deb Prno, Nisha Walibhai	HLI 2007-8
Information Systems/ Technology/ Management	Finding the Answer	During a regular shift, nurses will be enabled (by a peer covering their duties) to receive a 1-hour individualized instruction in quickly finding clinical information	Chatham-Kent Health Alliance	Margaret Campbell, Marguerite Miller	HLI 2007-8

Information Systems/ Technology/ Management	Rolling out a plan for interprofessional documentation methodology	Develop and implement an interprofessional process to adopt a common documentation methodology across two hospitals	Kingston General Hospital	Cindy Bolton, Susan Hall	HLI 2007-8
Information Systems/ Technology/ Management	Facilitating successful implementation of IT projects	Identify what is needed to create an environment where IT projects are successful with nurses	Mount Sinai Hospital	Judy Fleming	DWNHLI 2009
Information Systems/ Technology/ Management	Electronic Patient Care Documentation - a Business Plan	Develop a blueprint for our organization to move forward on an electronic patient documentation system	Lake of the Woods District Hospital	Kathy Dawe, Patty Tittlemier	DWNHLI 2010
Information Systems/ Technology/ Management	Implementation of Focused Charting	Develop standardized charting tools that enable seamless transition from paper to electronic documentation	North Wellington Health Care	Angela Stanley, Nancy Cleary	DWNHLI 2011
Information Systems/ Technology/ Management	Handling of Referral documents for patients who do not show up for appointment	Eliminate filing of redundant documents in patients chart	Winnipeg Health Sciences Centre	Daljit Kainth, Julie Knight	DWNHLI 2011
Information Systems/ Technology/ Management	En-gauging Your Care	Electronically develop the individual RAI outcome measures to enhance clinical usage	Ontario Shores Centre for Mental Health Sciences	Tan Nguyen, Maria Ahmed	DWNHLI 2012
Information Systems/ Technology/ Management	Broken Telephone No More	Improving team communication and patient care throughout the cancer journey	Princess Margaret Hospital	Anna Lambie , Cheryl Liverpool	DWNHLI 2012
Information Systems/ Technology/ Management	Develop a Blueprint for a Clinical Research Services Intranet Website	To develop a blueprint for a clinical research services intranet website that provides research information, guidelines, SOPs, tools and	Hospital for Sick Children	Rita Street, Judy Sweeney	DWNHLI 2012
Information Systems/ Technology/ Management	Feasibility investigation to purchase an Electronic Clinical Procedure Resource	Develop a business case to support both the financial and human resources required to purchase, implement and provide ongoing	Sunnybrook Health Sciences Centre	Suman Iqbal, E684Bev Waite	DWNHLI 2014
Information Systems/ Technology/ Management	Social Media: Driving Communication and Collaboartion	Create a social media framework consisting of intrnal policy, strategic plan and toolkit to attract new followers, increase subscription and increase engagement	Registered Practical Nurses' Association of Ontario	Norma Tomlin, Holy Smither	DWNHLI 2017
Information Systems/ Technology/ Management	Work on a Page	Complete 'Work on a Page' template for managers, and complete first PDSA cycle on medicine units	Niagara Health System	Toni Rogers, Lisa Hildebrand	DWNHLI 2017
Information Systems/ Technology/ Management	Develop tool to support evidence-informed decision-making	Develop a draft tool (with associated guidelines) that offers a useful, accessible, comprehensive way to present evidence/inputs to decision-	Toronto Public Health (Child Health)	Marie Klassen, Ulla Wise	DWNHLI 2017
Information Systems/ Technology/ Management					
Information Systems/ Technology/ Management					

New/Changed Non-clinical Program or Practice

New/Changed Non-clinical Program or Practice	Preadmission Service Booking Schedule	Redesign the booking template for preadmission service, and develop guidelines for better utilization of resources.	Kingston-Hotel Dieu	Karen Meadwell, Barb Allen	DMW-2003
New/Changed Non-clinical Program or Practice	Defining Visiting Guidelines (post SARS) in a Family-Centred Care Framework		Joseph Brant Memorial Hospital	Sue Burlock, Marilyn Hollick	DMW-2003
New/Changed Non-clinical Program or Practice	Revision of Nursing Assessment Forms for Pre-op Assessment and Admission		West Parry Sound Health Centre	Pat Healey, Marlene Villeneuve	DMW-2003

New/Changed Non-clinical Program or Practice	Improving organizational response to Code White	Staff education program on code white response and management to all professional & non-professional staff. Developing role-specific competencies.	Cambridge Memorial Hospital	Deb Warren, Debbie Woods	DMW-2006
New/Changed Non-clinical Program or Practice	Review and revision of charts and multi-disciplinary client documentation	Review & revise chart order, chart forms. Develop clear & concise multidisciplinary documentation; investigate a new chart folder; lay	Health Sciences North- Sudbury	Kate Blanchette, Judy Poupore	DMW-2006
New/Changed Non-clinical Program or Practice	Assess pros/ cons restricted vs. unrestricted visiting hours on adult inpatient units	Literature review (visiting hours + client-centred care + family support), review current practice develop guidelines/recommendations	Health Science Centre, Winnipeg	Tracy Robinson, Raj Monfru	DMW-2006
New/Changed Non-clinical Program or Practice	PACU Innovative Schedule	Innovative, flexible scheduling	Orillia Soliders Memorial Hospital	Linda Laing, Sonya Mah	DMW-2006
New/Changed Non-clinical Program or Practice	Attendance management	Establish a pilot program which designed to implement the WRHA attendance p=management policy	Victoria General Hospital, Winnipeg	Jason Trottier & Myles Duff	DMW-2007
New/Changed Non-clinical Program or Practice	Decommissioning a Transitional Care Unit	Develop & implement a plan to redeploy staff & residents from a 55 bed interim transitional care unit	Deer Lodge Centre, Winnipeg	Luella Lee & Harriet Maynard	DMW-2007
New/Changed Non-clinical Program or Practice	Revise patient/visitor information pamphlet	Revamp patient/visitor information pamphlet to ensure it is current & accurate	Victoria General Hospital - Winnipeg	Barb Boyd & Joyce Stabner	DMW-2007
New/Changed Non-clinical Program or Practice	Framework for Unit Based Decision making	To develop and implement a framework to guide the process of decision making at the unit level	Grace General Hospital, Winnipeg	Pat Crocker & Kavitha Nadarajah	DMW-2007
New/Changed Non-clinical Program or Practice	Eliminating Taped Report - Transfer of Accountability	Develop an information package for nursing staff to implement a new Transfer of Accountability process	Niagara Health System	Marianne de Prince & Debbie Smith	DMW-2008
New/Changed Non-clinical Program or Practice	Transfer of Accountability	Develop guidelines for safe and effective transfer of accountability at every point of patient transfer	Ontario Shores Centre for Mental Health	Rosalia Alfonso & Karen Kirkham	DMW-2008
New/Changed Non-clinical Program or Practice	Transfer of Accountability	Implementation of communication framework to improve shift to shift transfer of accountability on an inpatient rehabilitation unit	St. Joseph's Healthcare, Hamilton	Lynnette Gillis & Patricia Onlekuz	DMW-2008
New/Changed Non-clinical Program or Practice	Case Cart Implementation	To implement an Operating Room case cart system	Cambridge Memorial Hospital	Ruth Dixon & Teri Buchanan	DMW-2008
New/Changed Non-clinical Program or Practice	Clarification of Strategic Priorities	Develop a methodology to define the scope of the top 3 strategic priorities in the organization	Seven Oaks General Hospital	Sandra Biesheuvel, Jonny Hinz, Erin Finlayson	HLI 2005-6
New/Changed Non-clinical Program or Practice	Right information at the right place at the right time (transferring responsibility for pt. registration to Health Records)	Redefinition of clerical roles (switchboard & registration) Set standards for collection of information at point of registration	Collingwood General & Marine Hospital	Jan Sanderg, Anne Gamble	HLI 2005-6
New/Changed Non-clinical Program or Practice	Pharmacy Drug distribution Integration	Amalgamation of unit dose packaging	The Scarborough Hospital	Norma Young, Hsui Ling Hau	HLI 2006-7
New/Changed Non-clinical Program or Practice	Through a manager's eyes: Transformation of Human Resources service delivery	Development of a framework to empower managers through the implementation of automated, online Human Resources transactional services	Winnipeg Health Sciences Centre	Beth Beaupre, Kim Warner	HLI 2007-8
New/Changed Non-clinical Program or Practice	Collaborative management of depression in the community	Pilot project to have Provincial Health Call Centre provide telephone follow-up for clients living with mild to moderate depression	Winnipeg Regional Health Authority	Daniels Evanson, Margaret Koxlowski	HLI 2007-8

New/Changed Non-clinical Program or Practice	HR Transformation	Phase I of a multi-phase project to transform the HR team to a strategic business partner . Focus of this phase is work processes & Knowledge	St. Joseph's Health Care, Toronto	Wendy Steele, David Golding	HLI 2007-8
New/Changed Non-clinical Program or Practice	Development & implementation of a quality assurance process	Successfully implement a quality assurance process through assessment, auditing, regular reporting & data analysis	Montfort Hospital	Dave Carey, Andre Laflamme	HLI 2007-8
New/Changed Non-clinical Program or Practice	PRIME - Program Evaluation	Evaluate the effectiveness of PRIME, using qualitative and quantitative analysis	Deer Lodge Centre, Winnipeg	Judy Ahrens-Townsend & Leona Lane	DWNHLI 2009
New/Changed Non-clinical Program or Practice	Incident Review Processes	Standardize process & expectations regarding review, monitoring and investigation of identified incidents - to promote communication, understanding & prevention	Collingwood General & Marine Hospital	Anita Chevalier & Angie Bowman	DWNHLI 2009
New/Changed Non-clinical Program or Practice		Develop a user-friendly calendar for managers to be well-informed of expected audits, how to do them, who they belong to & what we will	Deer Lodge Centre, Winnipeg	Patricia Major, Denis St Laurent	DWNHLI 2009
New/Changed Non-clinical Program or Practice	Equipment Maintenance Control	Tracking of equipment and associated maintenance costs	Lake of the Woods District Hospital	Cheryl O'Flaherty, Mary Hall	DWNHLI 2012
New/Changed Non-clinical Program or Practice	Leadership Through a Health Equity Lens	How to address power differentials within teams, engage individuals with diverse backgrounds and determine a common vision within the	Winnipeg Regional Health Authority	Sheryl Bates-Dancho, Krista Wilson	DWNHLI 2012
New/Changed Non-clinical Program or Practice	Strategic Understanding	The project will develop an informed understanding of topics and issues that are to be discussed at the College of Nursing Strategic	College of Nursing, University of Saskatchewan	Lynn Jansen, Sheena Rowan, Phil Woods	DWNHLI 2012
New/Changed Non-clinical Program or Practice	Implementation of Best Practices for Inventory Management in Respiratory Therapy	Determining efficient processes for controlled inventory management in respiratory therapy	Health Science Centre, Winnipeg	Brenda Book, Leah Jenkyns	DWNHLI 2012
New/Changed Non-clinical Program or Practice	VGH Employment Process	This project will provide a framework to assist managers in navigating the hiring process.	Victoria General Hospital, Winnipeg	Reid Love, Jen Spencer	DWNHLI 2012
New/Changed Non-clinical Program or Practice	Outpatient Physiotherapy Booking Process	Streamline physio bookings and decrease multiple handling of paper. Promote proper utilization of booking clerks to book appointments.	Collingwood General & Marine Hospital	Jan Abbott, Edith McDonell	DWNHLI 2014
New/Changed Non-clinical Program or Practice	Identify interventions in the Emergency Department which are not coded, but have a significant impact on weighted cases	Improve clinical documentation in the Emergency Department (ED)	West Parry Sound Health Centre	Anne Litkowich, Heidi Stephenson	DWHLI 2015
New/Changed Non-clinical Program or Practice	Develop an early warning & communication protocol for emergency staffing shortages	Develop a protocol that communicates urgent staffing shortages and outlines the roles & responsibilities of key stakeholders	First Nations Inuit Health Branch (Ontario)	Bonnie Lee Schram, Claire Goldie	DWHLI 2016
New/Changed Non-clinical Program or Practice	Create a standardized decision-making framework for selecting strategic initiatives	Develop a standardized decision making framework to evaluate incoming opportunities to ensure maximum effectiveness of limited resources through consistent, transparent and equitable application of the process.	Canadian Patient Safety Institute	Jennifer Rodgers, Maryanne D'Arpino	DWHLI 2016
New/Changed Non-clinical Program or Practice					
New/Changed Non-clinical Program or Practice					

Workload/Staffing

Workload/Staffing	“Workload Measurement in Primary Health Care”	Planning the development of a community health nursing workload measurement system in a primary care setting in First Nations	First Nations Inuit Health Branch, Ottawa	Maria MacNaughton, Peggy Richardson	DMW-2002
Workload/Staffing	Rapid Response Team	Creating a special response team to respond to a community in chronic	First Nations Inuit Health Branch	Pat Cruickshank, Sharon Stanton	DMW-2002
Workload/Staffing	Matching Skills and Workload of RNs & Practical Nurses in a Medical Unit		Timmins & District Hospital	Maureen Laughren, Ann Ludgate, Karen Meinechenko	DMW-2003
Workload/Staffing	Improving effectiveness & outcomes of the staffing/scheduling process	Redesign/realign the staffing/scheduling process so that users and clients are satisfied & accountable for the process, and units have proper staffing complements	Victoria General Hospital, Winnipeg	Melissa Penner, Larissa Nimchonok	DMW-2005
Workload/Staffing	ICU Staffing Ratios	To provide guidelines which will ensure the safe staffing of the ICU.	St. Joseph's Healthcare, Hamilton	Edelgard Lenzo, Janice Klutt	DMW-2005
Workload/Staffing	Slaying the Dragon or Awakening the Giant in	Confirm if current activity is strategic and essential. Identify	St. Joseph's Healthcare, Hamilton	Karen Daly, John Principato	DMW-2005

Workload/Staffing	Development of a New Staffing Model for Dialysis	Development of staffing model for 2 units which is a result of dividing the dialysis unit in half.	St. Joseph's Healthcare, Hamilton	Peggy Maskell, Janet Feener	DMW-2005
Workload/Staffing	Identifying optimal staffing patterns	Optimize road to recover through development of appropriate staffing patterns	Ontario Shores Centre for Mental Health	Sheryl McPherson & Debra Churchill	DMW-2007
Workload/Staffing	Empower front-line staff to 'trade' shifts	Explore how the trading of shifts can be done by RNs without use of the 'Request for time off form' (blue sheet)	Lake of the Woods Hospital	Chantal Tycholiz, Marie Morden	DWHLI 2017
Workload/Staffing					
Workload/Staffing					

Standards/ Measurement/ Evaluation					
---	--	--	--	--	--

Standards/ Measurement/ Evaluation	Accountability Agreement	A meaningful staff development process through self-directed accountability agreement, challenging the process of standardized performance reviews	Ontario Shores Centre for Mental Health	Marjory Whitehouse & Brenda Lahey	DMW-2001
Standards/ Measurement/ Evaluation	Step by Step – Designing a Tool for Program Development/Evaluation	Design a user-friendly framework designed to demonstrate the need for a new program or evaluating a current one	Huron Perth	Liz Phelan, Donna Vines	DMW-2002
Standards/ Measurement/ Evaluation	Creating order out of chaos: A model to manage change	To inspire the use of evidence-based practice across the corporation to proactively manage planned change	Grey Bruce Health Services	Susan Wentworth, Lisa Laviolette	DMW-2002
Standards/ Measurement/ Evaluation	Ontario Region Tuberculosis Program Medical Directives	To produce quality, user-friendly TB program medical directives that will provide standards of excellence, continuity of care, and ultimately positive client outcomes.	FNHIB – Ontario	Debby Davis Van Every, Edith Martel	DMW-2003
Standards/ Measurement/ Evaluation	A Performance Review Tool for PSWs		Baycrest Centre for Geriatric Care	Rachel Beaulieu, Claire Taasin	DMW-2003
Standards/ Measurement/ Evaluation	Helping Staff to Deal with Benchmarking Changes, in a Total Patient Care Environment		Chatham-Kent Health Alliance	Jen Burnham, Lynda De Buck	DMW-2003
Standards/ Measurement/ Evaluation	Standards of Paediatric Care in the ICU	To provide enhanced pediatric care in an adult ICU through the development of care standards and guidelines.	Health Sciences North- Sudbury	Glenda Hicks, Kari Kostiw	DMW-2005
Standards/ Measurement/ Evaluation	Resident Care Planning	Improve accuracy and specificity of care planning through the development of a system to audit resident care (check list use)	Finlandia Nursing Home	Angela Harvey, Claire McChesney	DMW-2006
Standards/ Measurement/ Evaluation	Obtaining written consent	Balanced scorecard translates mission & strategic initiatives for ROHCG into objectives & measures for nursing (Innovation & Learning; Quality & Clinical Outcomes; Finance; Stakeholders).	Royal Ottawa Healthcare Group	Bev Holmes, Bev Easton	DMW-2006
Standards/ Measurement/ Evaluation	What are standards of care? How do these influence my job?	Staff will become familiar with standards of care & indicators of quality	Saugeen Valley Nursing Centre	Kim McCarthy, Heather Moyer	DMW-2006
Standards/ Measurement/ Evaluation	Nursing Strategy Evaluation Framework	Develop an evaluation framework to apply to the next NS Nursing Strategy (2007-2012)	NS Health	Donna Denney, Danielle Mercier	DMW-2006
Standards/ Measurement/ Evaluation	Alberta Home & Community Care Program Review Tool	Develop a tool to evaluate individual Home Care programs in Alberta First Nations communities	Alberta FHNIB	Linda Baich, Rhonda Hornstra	DMW-2006
Standards/ Measurement/ Evaluation	Using HOBIC to identify patients at risk for discharge planning	Using HOBIC data to improve identification of patients requiring enhanced discharge planning	Orillia Soldiers Memorial Hospital	Ryan Miller & Cathy Miske	DMW-2007
Standards/ Measurement/ Evaluation	Enhance awareness of College of Reg. Nurses Alberta standards & practice behaviours that reflect those standards	Assess baseline knowledge of standards; conduct chart audits; hold teaching session focusing on 2 standards.	Northern Lights Health Region	Angie Mann	DMW-2007
Standards/ Measurement/ Evaluation	Implementing RAI/MDS assessments & care planning	Educating nurses to implement RAI/MDS assessments & RAPS (resident assessment protocol)	Parkwood Mennonite LTC Facility	Michelle Ridgeway & Shelley Edwards-Dick	DMW-2007
Standards/ Measurement/ Evaluation	Pediatric Standards of Care in an adult ICU	Develop standards of care for pediatric patients in an adult ICU	Health Sciences North- Sudbury	Janet Riehl, Renee Fillier	DMW-2007
Standards/ Measurement/ Evaluation	Clinical Assessment Tool for Internship Practical Nurse Program	Develop a clinical evaluation tool for the internship part of the program	Nova Scotia Community College	Roxanne Williams, Monique Wood	DMW-2008

Standards/ Measurement/ Evaluation	Clinical Evaluation for Internship	Develop a clinical evaluation tool for internship	Nova Scotia Community College	Roxanne Williams & Monique Wood	DMW-2008
Standards/ Measurement/ Evaluation	ED Documentation Audit Tool	Development and implementation of A of I flowsheet.	London Health Sciences Centre	Justine Jewele & Donna Simpson	DMW-2008
Standards/ Measurement/ Evaluation	Nursing Standards in ECT Practice	Develop a set of standards/expectations that will enable nurses to provide efficient & safe care to patients receiving ECT	Northeastern Mental Health Centre, Sudbury	Shelly Chatelain, Sandra Choptain	HLI 2006-7
Standards/ Measurement/ Evaluation	Implementation of Ontario Public Health Standards and Protocols (Lambton)	To develop a framework/plan to implement the Ontario Public Health Standards and Protocols	County of Lambton Community Health Services Department	Nancy Wai, Connie Ptolemy	HLI 2007-8
Standards/ Measurement/ Evaluation	Implementation of Ontario Public Health Standards and Protocols (Middlesex London)	To develop a framework/plan to implement the Ontario Public Health Standards and Protocols	Middlesex-London Health Unit	Mary Ann Simpson	HLI 2007-8
Standards/ Measurement/ Evaluation	Maximizing success of strategic plan through self-assessment	Through self-assessment, we will identify gaps & opportunities for realignment with regional strategic plan.	Central East Infection Control Network	Joanne Habib, Teri Murduff	HLI 2007-8
Standards/ Measurement/ Evaluation	Physiotherapy Standard of Care for transfer of patient care in a coverage situation in critical care	Develop a standard of care to aid the safety and consistency of physio care including a) the standard, and b) a transfer of care form	Health Sciences North- Sudbury	Jim Boland, Chris Frattini	HLI 2007-8
Standards/ Measurement/ Evaluation	Family Centred Care (FCC) & Interprofessional Practice (IPP) Health Leadership Institute Evaluation Project	To evaluate through measurable outcomes, the impact of participation in the HLI on advancing FCC & IPP	Hospital for Sick Children	Shirine Riahi, Bonnie Stevens, Stephanie LappanGracon, Suranga Fernando, Margaret Keatings	SickKids-HLI 2008
Standards/ Measurement/ Evaluation	Laboratory Accreditation: meeting and maintaining requirements	Develop a strategy to prepare staff properly for the purpose of meeting and maintaining accreditation criteria for our medical laboratory	Markham-Stouffville Hospital	Jonathan Kwan, Brent Burgess	HLI 2008-9
Standards/ Measurement/ Evaluation	Reclaiming the value of our Admission, Transfer, Discharge (ATD) system	Develop & implement standards for understanding and use of the ATD system (including documentation & training)	Winnipeg Health Sciences Centre	Rachel Porter, Dana Erickson	HLI 2008-9
Standards/ Measurement/ Evaluation	Patient Satisfaction	Develop a patient satisfaction survey tool to be used in all patient care areas	Concordia Hospital, Winnipeg	Katherine Graham, Lynne Knelsen	DWNHLI 2010
Standards/ Measurement/ Evaluation	Client Satisfaction Survey	Implement a client satisfaction survey	Health Sciences North- Sudbury	Stephanie Lawton, Sue Bale, Wendy Longarin, Anne Sprack, Stacey Schmidt-Harper, Carrie Powell	DWNHLI 2010
Standards/ Measurement/ Evaluation	Metrics and outcome measures for Children's Treatment Centre	Identify and structure a framework for metrics and outcome measures that is balanced and addresses accountability, value and efficiency.	Health Sciences North- Sudbury	Jeff Sampson	DWNHLI 2012
Standards/ Measurement/ Evaluation	Implementation of a Patient Outcomes Model to Measure Quality of Care in Psychogeriatrics	To empirically measure the impact of care provided using validated assessment tools	Ontario Shores Centre for Mental Health Sciences	Melanie Kelly, Kim Ritchie	DWNHLI 2013
Standards/ Measurement/ Evaluation	Timely Discharge; Patient Record Processing	Establish and meet standards for processing and completing patient records at discharge to provide information for continuation of care	Groves Memorial Hospital and North Wellington Health Care	Wilma Kassian, Gianni Accettola	DWNHLI 2014
Standards/ Measurement/ Evaluation	Improving practice standards for medication transcription	Identify patterns for transcription errors through chart audits and come up with team-based solutions to eliminate transcription errors	Rouge Valley Health System	Karl Wong, Aisha Savvas	DWNHLI 2014
Standards/ Measurement/ Evaluation	Patient Information Collection Strategies	Design a training program for non-clinical staff that promotes consistency in collecting patient information	Grey Bruce Health Services	Julie Matheson, Julie Pendleton	DWHLI 2015
Standards/ Measurement/ Evaluation	Developing a Collaborative Curriculum Review Framework	Establish a known annual process for curricular review.	College of Nursing, University of Saskatchewan	Hope Bilinski, Janet McCabe, Tracie Risling	DWHLI 2017
Standards/ Measurement/ Evaluation					
Standards/ Measurement/ Evaluation					

PERSONAL/PROFESSIONAL/TEAM DEVELOPMENT - includes Role Development, Scope of Practice, Professional Practice, Leadership Development, Education, Orientation, Mentoring, Succession Planning, Relationship Building, Teambuilding

	Title	Description	Organization	Project Owners	Institute
Role Development					

Role Development	Building the Researcher	Under the mentor, this project if focusing on developing the research capacity on human health resources, planning development & working with decision-makers and policy makers	Nursing Effectiveness Research Unit (NRU)	Manon Lemonde	DMW-2001
Role Development	A Time for Change	To establish the nursing role in the mental health inpatient unit.	Children's Hospital of Eastern Ontario	Marion Rattray, Beverly Swartz	DMW-2002
Role Development	Creating a Mental Health Nursing Mosaic	Create fulltime nursing positions using cross-trained staff from 2 unique mental health sites.	St. Joseph's Healthcare, Hamilton	Vivian Pelletier, Jennifer Anderson	DMW-2002
Role Development	Redefining the TL Role – Introduction of the Clinical Resource Leader	New role will have defined responsibilities for support, mentoring, and coordinating day-to-day activities (major change will be no patient assignment, and formal opportunity for leadership development).	Mount Sinai Hospital	Karen Meadwell, Barb Allen	DMW-2003

Role Development	FNIHB/C.N.A Competency Gap Assessment	To work with the C.N.A. and evaluation experts to identify the 20% of national nurse practitioner competencies which do not match the	Health Canada, FNIHB – Ontario	Shari Glenn, Heather M. Smith	DMW-2003
Role Development	A Nurse Practitioner (EC) run Post-discharge Follow-up Clinic	To submit a proposal to open a post-discharge follow-up clinic run by a NP(EC) to follow patients seen by hospitalists, for whom there is no GP available in the community.	Peterborough Regional Health Centre	Sylvia Cashmore, Patti Fitzgerald	DMW-2003
Role Development	Implementing the Role of a Psycho-Geriatric Nurse Practitioner		Centre for Addiction & Mental Health	Emma Encinares, Josie Ibrahim	DMW-2003
Role Development	Developing the Role of a Nurse-Educators for the Maternal/Child Program		Guelph General Hospital	Diana Martinoni, Sherri Papadedes	DMW-2003
Role Development	Successful Implementation & Evaluation of a Unit Aide Role		Chatham-Kent Health Alliance	Anita Purdy, Betty Oldershaw	DMW-2004
Role Development	Introduction of New Role of Infirmiere Pivot for Oncology (IPO) Patients	Creation of a new position of IPO, within the surgical mission for patients having breast, head & neck, colo-rectal, lung and prostate	McGill University Health Centre	Patricia Meredith, Suzanne Lanctot	DMW-2004
Role Development	Development of Role and Position Specific Competencies for Health Professionals in Alignment with the Corporate Competency Framework"	In partnership with organizational development, and utilizing the core competency framework we will facilitate the development of role and position - specific competencies for health professionals.	Hamilton Health Sciences Centre	Ann Higgins, Lesia Kicak	DMW-2004
Role Development	Clinical Resource Nurse & RN Development	Role clarity for CRN / RN / RPN, clarifying accountability.	Winnipeg Regional Health Authority	Jo-Ann McKenzie, Gloria Sim	DMW-2004
Role Development	Clinical Coordination Change	Moving from temporary to permanent coordinators on the Burns & Plastics Unit.	Vancouver General Hospital	Lois Budd, Irene Calder	DMW-2004
Role Development	Assessing the feasibility of implementing the LPN role on a tertiary Oncology inpatient unit	An assessment to consider the feasibility of implementing the LPN as a collaborative health care provider on a tertiary Oncology inpatient unit	Alberta Cancer Board, Cross Cancer Institute	Cindy Cummings-Windfield, Ursula Carroll	DMW-2005
Role Development	Implementation of a patient care facilitator role	Implementing an on-site support role to facilitate critical thinking and decision making in direct care staff	Izaak Walton Killam Health Centre	Barb Bergeron, Shauna Best	DMW-2005
Role Development	Leadership Role Clarity Project within Emergency Care	Project will clarify roles and responsibilities and expectations amongst LHSC Emergency Dept leadership team members and create a model for other LHSC clinical programs.	London Health Sciences Centre	Heather Whyte, Carol Young-Ritchie	DMW-2005
Role Development	Enhancing the Role of the Nurse in Discharge	Maximize the opportunities to advance the care plan from admission to	Collingwood General & Marine	Wendy McLaughlin, Barb Gotuaco	DMW-2005
Role Development	Perioperative Nurse Liaison	The development of a perioperative nurse liaison role within the Surgical Program.	Health Sciences North- Sudbury	Darlene Dupret, Alice Sauve	DMW-2005
Role Development	The Development of Advanced Practice Roles in Nursing	To develop a proposal and implement the Advanced Practice Nursing Role at CMH for cardiac, COPD and DVT patients.	Cambridge Memorial Hospital	Diane Wilkinson, Ann Bartlett	DMW-2005
Role Development	Development of the Role of Clinical Coach	Identify & clarify the role of clinical coach and the placement of the role itself within the organization.	Baycrest Centre for Geriatric Care	Tamara Gherman, Mary Boudart	DMW-2006
Role Development	Needs Assessment for APN in a Regional Palliative Care Program	Use a needs assessment tool in to determine the appropriate APN roles for a community and hospital based palliative care program	Winnipeg Regional Health Authority	Lori Embleton, Jan Currie	DMW-2006
Role Development	RPN roles in the Emergency Department	Explore the feasibility introducing RPNs into specific roles in the Emergency Department	London Health Sciences Centre	Shelagh Bantock, Kris Amores-Hudson	DMW-2006

Role Development	Rapid Assessment Nurse in Emergency Department	Rapid Assessment Nurse will take CTAS 3 patients with specific diagnosis to separate are for assessment & initiation of medical	Queensway Carleton Hospital	Kathleen Nunn & Leah Levesque	DMW-2007
Role Development	Reorganizing of nursing care: Expansion of CPNPs (new grads) integration of RNA's in the Pediatric ER	Introducing the role of a RNA into the emergency department while simultaneously expanding the role of the new grad	Montreal Children's Hospital	Louise Murray, Jasmina Mataja, Denise Kudirka	DMW-2007
Role Development	Re-discovering the Professional Role of the RN	Define & delineate the role of the RN in the Medicine Health Service - clarify responsibilities & integration with others - optimize defined role function	Toronto East General Hospital	Paula Istead, Nancy French	DMW-2007
Role Development	Supporting Practical Nurses to become effective team leaders	Enabling RPNs to embrace their new roles as team leaders in resident home areas	Grandview Lodge	Lee Mesic, Samantha Moir	DMW-2007
Role Development	Strengthening the role of the nurse in discharge planning	Development of a comprehensive tool to guide discharge planning	Grace General Hospital, Winnipeg	Rianna Bettencourt & Pat Biglow	DMW-2007
Role Development	Redevelopment of the Charge Nurse role and resources	Redefine and revitalize the role of the charge nurse; update the 'Charge Nurse Resource Manual'	Grace Hospital Winnipeg	Colleen Bytheway, Rose Thomas	DMW-2008
Role Development	Evaluate the introduction of a Nurse Practitioner (NP) role into the acute care workforce	Develop implementation tools (clients/patients, physicians, nurses & allied health professionals, NPs) for the introduction of NP role in	Winnipeg Regional Health Authority	Betty-Lou Burke & Francis LaBoissiere	DMW-2008
Role Development	Intake Nurse role	Create an intake nurse position to coordinate patients awaiting admission and new patient referrals to a regional cancer program	Health Sciences North- Sudbury	Suzanne Levesque & Carol Chamberland	DMW-2008
Role Development	Physiotherapy role in Medical Day Care	Initiating physiotherapy role in Medical Day Care, including assessment, education, referrals, treatment & program evaluation	Cambridge Memorial Hospital	Joan Tew, Jennifer St Michael	HLI 2007-8
Role Development	Enhancing interprofessional collaboration in defining roles	Clarify unit care delivery model including role descriptions for front-line staff	Hamilton Health Sciences Centre (McMaster Children's Hospital)	Lawna Brotherson, John Prieto	DWNHLI 2010
Role Development	Role clarity of the charge nurse after hours	Role clarity for charge nurse to effectively and efficiently direct, oversee, supervise the clinical team in a primary nursing care delivery model after hours	Royal Ottawa Mental Health Centre	Pam Moorhouse, Jackie Brewer	DWNHLI 2010
Role Development	Service Resource Nurse (SRN)	Bring clarity, consistency and standardization through a well-defined description of the SRN role as a formal leadership role & identify competencies to fulfil the role	Hamilton Health Sciences Centre	Jennifer Pettit, Rhoonca Smith	DWNHLI 2010
Role Development	Patient Care Facilitator (PCF) demonstrates proactive, communication, foresight approach	Facilitate connection & collaboration between PCFs, managers, and professional practice; establish roles and supports networks	Ontario Shores Centre for Mental Health	Lydia Mayotte, Robin Bowerman, Angelika Short	DWNHLI 2011
Role Development	Patient recruitment plan for RN-performed flexible sigmoidoscopy program	Develop a patient roster, patient-care pathway & education to area physicians and community, to recruit average-risk patients for RN-performed flexible sigmoidoscopy	Markham Stouffville Hospital	Sue Willar, Tina Carr	DWNHLI 2011
Role Development	Patient Care Facilitator at Ontario Shores	To review and develop the role and responsibilities of the patient care facilitator	Ontario Shores Centre for Mental Health	Renee Tremblay, Cathy Duivesteyn	DWNHLI 2012
Role Development	A Good Objective of Leadership is to Help Those Who Are Doing Poorly to do Well and to Help Those Who are Doing Well to do Even Better	RN development	Arbour Heights	Jenny Bedard, Annemarie Neville	DWNHLI 2012
Role Development	Front Line Support	Role clarification of the ER Resource/Charge Nurse responsibilities and accountabilities	Collingwood General & Marine Hospital	Mary Jeffery, Geoff Harris	DWNHLI 2012
Role Development	Charge Nurse Leadership Development	To provide charge nurses with the tools/skills/knowledge to develop competencies as a peer leader and to align with the values of HDGH throughout the organization (compassion, respect, teamwork, stewardship)	Hotel Dieu Grace Hospital	Libby French, Jenn Hanson	DWNHLI 2012
Role Development	Job Description for the Role of Nurse Manager in MDR	To develop guidelines, for practice, responsibilities, staff and equipment to help with the integration with other hospital departments	Concordia Hospital	Colleen Ungrin, Dorota Szurlej	DWNHLI 2013
Role Development	Community Care Team Model	Implementation of a Personal Support Coach Role & Clinical Supervisory Role in order to optimize the practice of PSWs in the Community	VHA	Andrea Beattie, Denise Lywood	DWNHLI 2014

Role Development	Nurturing Interprofessional Leaders - Novice to Expert Educational Pathways	Developing a framework for the educational and developmental pathway for Health Professions at UHN	University Health Network	Miranda Hadzic, Angela McGauley, Anthony Ng	DWNHLI 2014
Role Development	Empowerment of RPNs in the new dual base model	Provide encouragement and ongoing support to staff as they develop competency through standardized education	LWHA	Christine Reyes, Pauline Daugherty	DWNHLI 2014
Role Development	Implementation of a Care Coordinator role	Develop a care coordinator framework, and see its value by the development of coordinated care plans	Four Villages Community Health Care	Sandra Almeida, Kasia Filaber	DWHLI 2015
Role Development	Integrate nursing & community health services for expectant mothers, mothers & children age 0-6	Clarify respective roles & responsibilities of the RN and community health worker, develop plans to address gaps & duplications and launch a conjoint plan of care for this population	First Nations & Inuit Health Branch (Quebec)	Priscilla Pichette, Patrice Rice	DWHLI 2016
Role Development	Collaborative Practice - Supporting the transition/integration of RPNs on to multiple acute care units	Develop a strategy that includes a model & tools to guide collaborative nursing practice on acute care units integrating RPNs	Sunnybrook Health Sciences Centre	Laura Rashleigh, Milissa Aamson	DWHLI 2017
Role Development	RN/NP role clarity in the Allo-BMT conditioning room	Clearly define roles for the NP & Rn in the conditioning room	University Health Network - Princess Margaret Hospital	Zoe Evans, Sara Barr	DWHLI 2017
Role Development	Creation of a NP professional pathway in the acute care setting	Conduct a stakeholder engagement & landscape review to initiate a NP professional pathway in the acute care setting	University Health Network	Dawn Tymianski, Nooring Jamal	DWHLI 2017
Role Development					
Role Development					

Scope of Practice

Scope of Practice	Migrating Nursing Practice - Moving Forward into the Light	Remodeling a current professional nursing practice structure to reflect the pending organizational move to a service-based structure	Peterborough Regional Health Centre	Cyndi Gilmer	DMW-2001
Scope of Practice	Migrating Nursing Practice - Moving Forward into the Light	Through a collaborative process, nursing, through our Professional Nursing Council will create a vision/direction for the future of mental health nursing at WMHC.	Ontario Shore Centre for Mental Health	Janet McMullan	DMW-2001
Scope of Practice	Paving the Path for Nurses at Headwaters	Assessing & planning for maximizing skill levels of RNs & RPNs.	Dufferin-Caledon Health Care Corporation	Doris Cassan, Kathy Millar	DMW-2002
Scope of Practice	Who's Job is it Anyway?	Defining scope of practice for RNs and LPNs.	New Brunswick Regional Health Centre	Wendy Gould, Paula Doucet-Jones, Susan LeBlanc, Margo Jones	DMW-2002
Scope of Practice	Care Coordinators Communicating	RPNs & RNs will work to the full scope of their practice in a collaborative environment. We will understand & respect each others	Chatham-Kent Health Alliance	Laura Zimmer, Pat Easton Corinne Pollard Linda Youngs Lynda	DMW-2003
Scope of Practice	Combined Strength	Optimizing the RPNs scope of practice.	North Bay General Hospital	Ruth Boland, Leslie Bethune	DMW-2003
Scope of Practice	Organizations Supports for RNs & RPNs to Function to Full Scope of Practice		Royal Terrace	Teresa Bateman, Norma Ramchandani	DMW-2003
Scope of Practice	Optimizing Scope of Practice of RNs & Practical Nurses in a Patient-Focused Care Model		South Bruce Grey Health Centre	Sharon Musehi, Maureen Rydall	DMW-2003
Scope of Practice	Quality Care through Specialty Skills		Winnipeg Health Sciences Centre	Dawn Bollman, Anna Marie Papiz	DMW-2004
Scope of Practice	Enhancing the role & skills of the RPN in long-term care	Identifying RPN learning needs and identifying tools to optimize the role of the RPN in long-term care	St Joseph's at Fleming	Anna Edwards, Cathy Lessards	DMW-2006
Scope of Practice	Scope of Practice	Enhancement of patient delivery systems to meet organizational expectations to coincide with job descriptions and maintain scope of practice	Stanton Territorial Hospital	Yvette Deleff, Maria Weir	DMW-2006
Scope of Practice	Optimal Scope of Practice	To engage RNs & LPNs in developing a plan to balance their respective scope of practice. To achieve competencies appropriate to their area of specialty	Cape Breton Regional Hospital	Martha McLean, Connie Gregory	DMW-2006
Scope of Practice	Empowering nurses to practice to their full scope	To increase the scope of practice of RNs and clarify the role of Child	IWK Health Centre	Holly Mackie, Debbie Pierce	DMW-2006
